FATHER & SONS
CURED OF
ITCHING RASH

I had an itching rash under my chin, which kept spreading until it was all over my body. I could not sleep but was compelled to lie awake and scratch all the time. My father and two brothers were afflicted with the same thing, at the same time. We all suffered terribly for a year and a half, trying in the meantime all the remedies we could find, but received no benefit. I bought three cakes of CUTICURA SOAP and three boxes of CUTICURA (ointment) and they *cured the four of us completely.* RICH'D ANDERSON, Geneva, Utah.

AMERICA IS FEARED.

Prevents European Coalition Against Britain.

Germany Pronounced England's Arch Enemy.

The Emperor Scheming for Commercial Supremacy.

A Startling Review of the Political Situation by a Writer in the Contemporary Review.

LONDON, Nov. 29.—The Contemporary Review, just issued, contains a sensational anonymous article entitled "The Arch Enemy of England."

This is the German emperor. The writer alleges that the kaiser seized Kiao Chau by an agreement with Russia to prevent England getting it when called upon, Russia providing Germany with coaling stations elsewhere.

The writer declares the Kaiser had drawn a complete plan arranging for the naval superiority of France, Russia and Germany over England four years hence, when England is to be compelled to make humiliating terms throughout the world, leaving Germany the chief commercial colonial power.

All these plans have suddenly been thrown into confusion by the American Spanish war, and America and England drawing together.

The article, which is sure to attract attention for its extraordinary attack upon the queen's grandson, continues:

"The American people, with characteristic shrewdness, have detected this with resentment and hostility and are in no mood to put up with browbeating from any one. Considering that the Americans took no inconsiderable part in opening China and Japan to external influences, the only ground for surprise is that they have been so slow in manifesting interest in the situation in the far east, but now that the impulse has been supplied and an assertion of the claim to have a voice in it has been made, there will be no drawing back or hesitation in pushing matters to a conclusion.

"It is precisely in the far east that the action—the mere presence—of the United States is so disconcerting and disagreeable to the German emperor.

"It disarranges all his plans, deprives himself and allies of all ascendancy in China seas, which they have twice asserted for their own benefit and from them saw a long train of future advantages.

"Under such circumstances the continued proximity of American and German squadrons at Manila, aggravated by the demeanor of the German officers, is full of peril. The peril may pass off, but will do so by the withdrawal of Germany's pretensions.

"At this moment the question turns on whether the German emperor can induce Russia and France to join him in a demonstration of superior naval force to that possessed by the United States both in the Pacific and the Atlantic and the answer to that question largely depends on whether he and the czar of Russia between them can exercise sufficient personal pressure in England to induce our government, in return for some empty concessions in Africa, some easily broken promises to China, to hold its hand, to hesitate for the necessary moment while they enforce their will on the United States.

"This is to be the real peril to the creation of a real Anglo Saxon alliance.

"From the very beginning of the crisis in the far east the English policy has done nothing but hesitate and give way; has allowed and assisted the creation of difficulties that never would have arisen if it had only stood firm at the beginning of the question.

"There now appears on the scene in a totally unexpected manner one ally, who could and would adjust the balance of power in the far east in our favor. It is obviously to our interest to support that power with all our strength and make every effort so that it shall not be discouraged and restrained on the threshold of the new and beneficial movement it is making toward a more active external policy."

JACK SHEEHAN AGAIN.

Accumulated Another "Jag" and Had no Money With Which to Settle.

Jack Sheehan put up for one drunk Sunday morning and was released. Prosperity was too much for him, however, and yesterday he loaded up with a top-heavy load of whisky and finally lay down on the court house steps to sleep. His condition was reported to the police station and Jack was arrested by Officer Romy. In police court this morning he pleaded guilty and showed the mayor a ticket to Columbia City. The mayor suspended sentence providing Sheehan would leave town at once.

Two train climbers arrested by the Pennsylvania detectives were sent to jail to serve fifteen days each.

THE SAN JUAN HILL.

Rough Riders Return to Find Gold, Not Spaniards.

WICHITA, Kas., Nov. 29.—Dr. J. W. Langford, of Arizona, and twelve of Roosevelt's rough riders have gone to San Juan hill to prospect for gold. In an interview here Dr. Langford says:

"Because of its pleasant climate I believe Cuba to be a better gold field than the Klondike. I think Cuba is one of the best prospecting countries in the world. I prospected in Alaska unsuccessfully. I expect to locate a claim on San Juan hill that a company will be able to work at a large profit.

"I am sure there is gold in paying quantities in the quartz rocks of the hill. Cuba in itself is a virgin country. It has the deepest and finest soil that I ever saw. The highest priced iron worked today comes from Cuba."

PARIS, Nov. 29.—A dispatch from Brussels to the Journal reaffirms the report that Major Count Esterhazy has sailed for America. This dispatch asserts that he embarked at Rotterdam.

DU PUY IS HOPEFUL.

PARIS, Nov. 29.—The Figaro today publishes an interview with the premier, M. Du Puy, in the course of which he is quoted as saying:

"For twenty-eight years we have lived under a contradiction. The army and the democracy subsist side by side.

"The maintenance of the traditions of the army is a menace to liberty, yet they assure the safety of the country and its most sacred duties. In spite of everything I am confident that the vitality of the country will triumph over the present storm as it has in all the crises it has undergone."

CONSTANTINOPLE, Nov. 29.—The czar of Russia, replying to the sultan's telegram of November 26, urging the czar to abandon his intention of sending Prince George, of Greece, to Crete, as high commissioner of the powers, declares that the friendly sentiments of Russia towards Turkey are unchanged, and while Prince George is going to Crete as commissioner of the four powers, the sultan's rights of sovereignty will be safeguarded.

ASSOCIATED CHARITIES.

Regular Conference of Delegates Will be Held Thursday Afternoon.

The regular conference of delegates to the Associated Charities will be held at the city hall, Thursday afternoon, December 1st, at 3:30 sharp. Rev. L. L. Henson, pastor of the Baptist church, will speak upon the topic, "The Relation of Our Churches to Organized Charity." This promises to be one of the most interesting and important meetings of the year, and a cordial invitation is extended to all citizens. The presence of the ministers of the city is especially desired. Delegates to the conference are the persons appointed from the different societies and churches, and it is hoped that all these will attend.

Important Decision in Ohio Courts.

COLUMBUS, Ohio, Nov. 29.—The Ohio supreme court has affirmed the lower court's in the $8,000,000 Hocking Valley bond case against Judge Stevenson Burke. The decision gives the bondholders the right to continue the suit to collect on the bonds.

George Craw has received the welcome information that he will be granted a patent on December 13 for a bill file, on which there has been a controversy through the patent office the last six months or more. The decision gives him the assurance that was so much needed in the development of the industry and he will proceed to manufacture the device on a larger scale than ever. Mr. Craw was for a time connected with the Journal company. He purchased the invention of Hugh D. Studabaker, of Bluffton.

A very interesting meeting was held last evening at the Northside Baptist mission and the spirit manifested by the large number present indicated that a great blessing is in store for the people of the northside. Rev. L. L. Henson preached a strong sermon, pleading for greater activity among the Christian people, especially along the line of soul winning. Meetings will be held every evening this week and all are invited to come and enjoy these special services.

NOTICE.

Both Ladies and Gentlemen.

Tomorrow we have one of New York's most prominent furriers with us, and as a fur muff, boa, collarette, cape or jacket is always acceptable for a Christmas present, this certainly is a grand opportunity to purchase same, as it gives you an immense variety to select from. LOST IN THE STORM.

The Portland Went Down With All on Board.

Ninety-nine Persons Perish in Sight of Land.

Wrecked Sunday Morning Off Highland Light.

News of the Disaster is Confirmed--Thirty-four Bodies Have Been Recovered From the Surf.

BOSTON, Nov. 29.—A special to the Herald from North Truro says the steamer Portland, of the Boston and Portland Steamship company, plying between Boston and Portland, was totally wrecked at 10 o'clock Sunday morning off Highland Light, and the entire crew and passengers, numbering ninety-nine persons, perished within a short distance of land.

A large quantity of wreckage, including trunks and other material, has come ashore and at midnight last night thirty-four bodies had been recovered from the surf by the life saving crew at High Head station. One body was that of a woman.

The news of the disastor was brought to the Herald through the agency of a special train, as communication to Boston by wire from points on Cape Cod is impossible on account of the havoc wrought by the storm.

THE PASSENGER LIST.

Following is a partial list of the passengers said to be on board the Portland when she sailed from Boston Saturday night:

Oron Hooper, H. Truhoper, Isaiah I. Rice, Miss Ruth Rice, Miss Maud Frye, Miss Maud Sylles, Mrs. Ezekiel Dennis, Mrs. Theodore Allen, Miss Allen, Miss Cole, of Springfield; Mrs. Daniel Rounds, Fred Sherwood, Miss Ross, Miss Edna McCrillis, C. F. Wilson, Bethel, Me.; Hon. F. D. Freeman, D. O. Getchell, Boston; Miss Holmes, Miss Helen Langthorn, Miss Emma L. Plumpton, of Charles River; G. W. Cole, Miss Burns, M. C. Hutchinson, Charles Wiggin, Miss Hutchinson, Mrs. George O. Chickering, Weymouth, Mass., and sister, Mrs. Wheeler, of South Weymouth, Mass.; M. L. Sewell, of Portland; Fred Sherwood, Portland; Charles H. Thompson, Mrs. Thompson and child, Woodfords, Me.; William M. Chase and Philip Chase, Worcester; Mrs. Kate Coy, East Boston; Arthur F. Hersom and Mrs. Herson, of Chelsea, Mass.; Mrs. Alice Swift, of Portland, Me; Harry Smith, 21 Marion street, East Boston; Mrs. Cornelia N. Mitchell and Miss Jennie Hoyt, North Easton; Mrs. J. A. Carroll, of Lowell, Mass.; Jennie Edmound, Marion street, East Boston; Mrs. Anna Rounds, Portland; George B. Kennison, jr., Boothbay, Me.; Perry Jackson, wife and child, of South Portland, Me.; Fred Stevens, Portland; Mr. Pierce, Portland.

The passenger list given above numbers 51 and the officers and crew number 48

The Portland was built in Bath in 1890 and was a side-wheel steamer of 1,317 tons net burden. Her length is 230 feet; beam 42 and depth 15 feet. She was valued at $250,000 and is fully insured.

LIST OF DISASTERS GROWS

BOSTON, Mass., Nov. 29.—From reports that have come by wire, mail and messengers, to the Associated Press, from New England points, up to 10 o'clock this forenoon, it was difficult to estimate the total loss of life and damage to shipping along the coast, as the result of the storm. The list of disasters seem to grow every hour, and, from dispatches thus far received, it appears that at least thirty schooners have been wrecked at different points from Eastport, Me., to New Haven, Conn.; eighty-six schooners have been driven ashore, and fourteen barges, loaded or empty, are aground.

This list does not include the thirty vessels either wholly or partially wrecked in Boston harbor, nor half a dozen or more craft which are reported missing, including the Boston and Portland steamer Portland, nor the big Wilson line freighter Ohio, which is ashore on Spectacle island in this harbor; the steamer John J. Hill, which is ashore at Atlantic; the Merchants' and Miners' transportation steamer Fairfax, ashore on Sow and Pigs off Huttyhunk, nor the small steamer George A. Chaffee, foundered at Rockport, Mass.

When these are added the aggregate list exceeds 170 vessels.

The loss of life is hard to determine. It is known that about forty persons perished in and about Boston harbor. Reports from other places, in some cases, state that the crew of this or that vessel escaped, many, however, state that the fate of the crew is unknown. Some survivors have turned up and life saving stations and in-coming vessels have brought a few sailors from wrecks.

Perhaps a score would cover these of whom nothing is known, not including the sixty-five or more who were on board the steamer Portland.

BRITISH STEAMER DISABLED.

NEW YORK, Nov. 29.—The British steamer County, Captain Tullach, which sailed from this port November 26th for London, put back today in distress with cargo shifted, loss of boats, bridge and other damage about decks, and listing heavily to starboard. The steamer Bovic, from Liverpool reports that at 3:08 p. m. yesterday, when out eight miles west of Nantucket she passed the Pollock Rip lightship No. 47, which broke her moorings during the recent storm. The lightship was under reefed fore and main sail and jib and was heading west by south. The Bovic hoisted signals inquiring if any assistance was needed, but the lightship only hoisted the American ensign in reply. She was apparently doing well and making good weather.

SHIPWRECKED CREW RESCUED.

PHILADELPHIA, Pa., Nov. 29.—The British steamer Mackinaw, Captain Stone, which passed in the Delaware breakwater at 7 o'clock this morning, signalled that she had the crew of a wrecked schooner on board. The captain of the Mackinaw reported to the marine exchange representative at Reedy Island station that he had on board the crew of six men of the schooner Maynard Summer, from Salem for New York. They were rescued seventy-five miles southeast of Montauk Point yesterday morning, the vessel being abandoned in a sinking condition. It is probable she has gone to the bottom off Nantucket Light by this time.

FOUR-MASTER ASHORE.

HALIFAX, N. S., Nov. 29.—An unknown four-masted vessel is ashore at Herring Cove, entrance to the Halifax harbor. One body has washed ashore. The vessel is fore and aft rigged. All on board have perished.

LONG ISLAND STORM-LOCKED.

NEW YORK, Nov. 29.—The main line of the Long Island railroad is still blocked between Mineola and Hicksville, L. I., a distance of about ten miles. Gangs of men and snow ploughs are working at both ends to break the blockade. No train has reached Greenport, the terminus of the main line, since Friday night. The railroad officials hope to resume the schedule on the main line by tomorrow at the latest.

The only branch of the road which is closed to traffic is the Wading River division.

UNION NOT BANKRUPT.

Statement From Cigarmakers' Union Setting Forth Facts.

Refutation of Dispatches Saying Union Was Bankrupt--Reasons Advanced For Insisting on Blue Label.

The following article has been published in the papers throughout the United States. The clipping is as follows:

Michael Raphael, of New York, business agent of the International Union of Cigarmakers, is soliciting financial support for the union, which he says will go to the wall unless aided. The trouble is attributed to fights with eastern firms and the introduction of girls into factories.

This is an untrue statement. In the first place Michael Raphael is not a business agent of the Cigarmakers' International union, and does not in any way represent said organization. That the statement is without foundation, the following from G. W. Perkins, president of the Cigarmakes' International union, will show:

CHICAGO, Ill., Nov. 22, 1898.

To the Officers and Members of Local Unions.

FELLOW CRAFTSMEN:—The monthly reports, on file in this office, of Nov. 1, 1898, show that the international union has not been in better financial condition in the past five years, or since the commencement of the depression, than it is at present. The per capita is now greater than it has been at any time since 1893. The dispatch or Associated Press item is extremely misleading. It says Mr. Raphael, of New York, is business agent of the Cigarmakers' International union; it also makes him say that the union "will go to the wall," unless financially aided, thus making it appear that the International union, as such, is in financial distress, which, as above stated and clearly shown, is at variance with the real facts.

Yours fraternally,
G. W. PERKINS,
International President.

The real facts will give the public a slight idea of the benefits paid by the union and the amount of good that may be accomplished by a combined effort by a large number of men of small income, while singly they could do nothing. The union has grown from yearly benefits expended of $38,606 in 1881 to $340,973 in 1897.

Should not a movement that is doing this kind of work receive the help and support of the citizens of Fort Wayne? If so, kindly see that the Blue Label is on the box when buying a cigar. The union-made cigar is the home production, and the smoker knows that his money stays at home, where he can have another chance at it.

CIGARMAKER, Union No. 37.

A. R. Hirons, of this city, has been appointed special agent of the Northwestern Life Insurance company, of Milwaukee, of which H. B. Hunt is general agent with headquarters in Fort Wayne. Mr. Hirons is short in stature but long in general good fellowship, and being a man of many friends he will no doubt make the fur fly. Mr. Hirons will begin his new duties in a few days and will work insurance all over northern Indiana.

PIONEER DEAD.

George Warner, of Perry Township, Called to Rest.

Lived in the Township More Than Half a Century--Death of Mrs. Mattie Lopshire--Funerals.

George Warner, a pioneer resident of Perry township, died of dropsy, Monday morning, after a prolonged illness. Deceased was seventy years and nine months old, and he had lived in Perry township fifty-five years. A wife, a daughter and several sons survive him. The daughter is Mrs. S. F. Bender, this city. The funeral will be held tomorrow at 10:30 a. m., from the Salem Reformed church at the Dutch settlement, Perry township.

LOPSHIRE.

Mrs. Mattie Lopshire died at Hope hospital yesterday afternoon, of consumption. Her age was thirty-nine years. The case is an extremely sad one. Not long ago her husband died, then she was taken ill and her four children were sent to the Allen County Orphan's home. Mrs. Lopshire was born in this county and relatives are expected today to arrange for the funeral.

HERBER.

Frank, the six-weeks-old son of Mr. and Mrs. Frank Herber, of 87 East Lewis street, died this morning from bowel trouble. The funeral will take place Thursday morning, at 9 o'clock, from St. Mary's Catholic church.

PARR.

Charles J. Parr, foreman of the car inspectors of the Lake Shore railroad, has received a telegram announcing the death of his son, Fred C. Parr, which occurred at Baltimore yesterday. Death was due to stomach trouble. The deceased was for several years a plumber for the Seavey Hardware company in this city, but he left here four years ago to take a position in the city where he died. The deceased had numerous friends who mourn his death. He was yet a young man, being only twenty-six years of age. The remains will leave Baltimore Wednesday morning for this city, and the funeral will be announced later.

JOHNSON.

Mrs. Anna C. Johnson, wife of William Johnson, died this morning at her home, 261 Lafayette street, of typhoid fever. The deceased was born in Germany and her age was thirty-three years, six months and nine days. The husband and two children survive. The children are aged fourteen and four years.

BENJAMIN M'INTOSH DEAD.

Word reaches THE SENTINEL this afternoon that Benjamin McIntosh died this forenoon at 10 o'clock at the home of his daughter in Maples. He was a well known citizen and his death will be learned with regret by a large circle of friends.

MUNICIPAL AFFAIRS.

Engineer C. S. Sunderland Relieved From Duty.

The Board of Works Transacted Routine Business at Monday's Meeting--Notes.

Engineer C. S. Sunderland, of engine house No. 1, has been relieved from duty by the board of public safety. Sunderland had charge of the new engine which was at work during the burning of the City Trucking company barn and, it is charged, allowed the water to run low in the boiler while the engine was working, the result being that the boiler was burned out. Sunderland was appointed only a few months ago to succeed Engineer Hill, who resigned. The board of safety meets tonight and will probably fill the vacancy.

BOARD OF WORKS.

A petition was presented to the board at its meeting yesterday afternoon asking that the alley between Webster and Ewing, from Lewis to Jefferson, be vacated. It is the purpose of the board to open McClellan street from Lewis to Jefferson, on the site of the alley. The residents of McClellan street are very anxious to have that thoroughfare opened.

A petition was presented by northsiders asking that Sherman street be opened from its present terminus on Fourth street, to High street. John H. W. Schaffer was the petitioner.

The board approved the assessment rolls for the paving of the alley between Brooklyn avenue and Baker street from Calhoun to Harrison.

NOTES.

The committee on streets, the city attorney and civil engineer will meet in the clerk's office tonight and discuss the resolutions for subways under the Pennsylvania and Wabash railways.

Moellering & Son have been granted a permit to erect a $3,000 brick addition to the factory of the Packard Organ company.

DRAFTING A TREATY

Peace Secretaries Proceed With the Work.

Will be Ready for Wednesday's Joint Session.

No Great Difficulty Will Attend the Labor.

Will Include the Terms of the Protocol, Cessions to America and Other Important Details.

PARIS, Nov. 29.—The secretaries of the two peace commissions, Messrs. Moore and Ojeda, began their joint task of formulating the articles of the peace treaty at 3 o'clock this afternoon, as directed by their respective commissions at yesterday's conference. This work will be easy and rapid as to the relinquishment and cessions referred to in the protocol, the terms of which document will be transferred bodily to the treaty.

The secretarys, moreover, will embody in tentative articles, for discussion on Wednesday, the subjects of the religious freedom of the Caroline islands, a naval station for the United States in the same group, cable landing rights at other points within Spain's jurisdiction, the release of the insurrectionist prisoners, and the revival of the treaties broken by the war.

DON'S MANIFESTO DELAYED.

MADRID, Nov. 29.—The Heraldo today publishes a dispatch which says:

"Don Carlos will not publish a manifesto until the ratification of the peace treaty by the chambers."

Continuing, the Heraldo expresses the belief that the Spanish government does not know the whereabouts of Don Jaime, the son of Don Carlos.

SPAIN CHARTERS TRANSPORTS.

BREMEN, Nov. 29.—The Compania trans-Atlantica has chartered the steamers Hapsburg, Fulda and Werra, belonging to the North German Lloyd steamship company, and will use them for the repatriation of the Spanish troops in Cuba in December.

MUST GIVE THEM UP.

First Case Under the Children's Guardian Law.

Four Children of Mr. and Mrs. Bernard Johnson Will be Taken Away From Them.

The first case in Allen county under the children's guardian law was this morning commenced in the circuit court.

The defendants in the case are Bernard and Hannah Johnson, who live on Holman street with their four children. That is, they are supposed to live with their children. There are four of the little ones, Oscar, aged ten years; Rose, aged eight years; Kate, aged four years, and Lillie, aged two years. Rev. H. P. Dannecker, president of the children's guardians, makes affidavit charging that the children are cruelly treated by the parents, who are constantly drunk and blasphemous, are guilty of low and gross debauchery and neglect and abandon their children who are in idle and vicious associations, which tends to their corruption and contamination.

Humane Officer Schlaudrauf investigated the case and reported to the board and the suit for possession of the little ones is the result. A writ was placed in the hands of the sheriff to be served on Mr. and Mrs. Johnson, who are ordered to appear in court December 9 and show cause why their children should not be taken from them. In the meantime the officers will take charge of the children and the three youngest will be placed in St. Vincent's hospital. The elder will be held a short time in the hopes of securing for him a permanent respectable home. A. H. Bittinger is attorney for the board of children's guardians and penned the complaint.

SHE IS OBDURATE.

Mary A. Gerhardt Refuses to Pay a Small Judgment.

Taken Into Court on Insanity Proceedings--Items of Interest in the Courts.

Mary A. Gerhardt is is a stubborn woman, and because she is such was in court this morning to be examined in insanity proceedings.

Some years ago Mrs. Gerhardt was declared to be of unsound mind and was taken to the Richmond asylum, where she remained until pronounced cured. She was afterward divorced from her husband. During an illness the lady was cared for by Mrs. A. T. Sturgeon. Mrs. Sturgeon died and her husband commenced suit for money which he claimed was due for board. Mrs. Gerhardt would not appear in the justice court and judgment was given against her. Again in the circuit court she failed to appear and Judge O'Rourke gave judgment for $44. This Mrs. Gerhardt refused to pay, although she has property and money worth more than $3,000. The sheriff could not get possession and finally the son, who has advised her to settle, commenced insanity proceedings. Judge O'Rourke took testimony as to her sanity this morning, but refused to find her of unsound mind. He ordered her to pay the judgment and should she fail to do so, may be again brought into court.

NOTES.

The case of J. H. A. Rahe vs. J. H. Rahe was settled by agreement this morning and Judge Dawson dismissed the jury which was to have heard the evidence.

Judge Dawson called a number of attorneys into court this afternoon and is setting cases for trial.

The case of Richards & Co. vs. the Kerr Murray company was dismissed by Judge Dawson this morning.

Marcus L. Johnson has commenced divorce proceedings against Ellen L. Johnson. J. E. Graham penned the complaint.

Sophia Kanning et al. has commenced partition proceedings against Louis Kanning et al.

The damage case of John Fleischman vs. John H. Bass, receiver of the Consolidated Street railway, will be called for trial at Columbia City next Thursday. The Leonards and Judge Ninde appear for plaintiff and Morris & Barrett for the receiver.

The papers in the case of Phillips vs. the Grand Rapids and Indiana railroad have been filed in the Huntington circuit court on a change of venue from Allen county.

Justice France heard the evidence in the cases against C. C. Eleete, the saloonkeeper at the Six-Mile house, and dismissed them.

Justice Huser fined Frank Shunk and John Schwob for trespass and hunting on the Sabbath.

The will of the late Lucinda Dunten, of Hunterton, was filed for probate today. She leaves everything of which she possessed to her relatives, there being fifteen items to the will. The instrument was dated November 21, 1898. Frank J. Dunten is named as executor.

A COLLISION.

Wagon Crashes Into a Carriage Having Two Occupants.

Mrs. Sovine Slightly Injured -- Arthur Burns Has His Elbow Dislocated--The Accidents.

A team hauling a heavily loaded wagon yesterday afternoon started to run away on East Columbia street. At the corner of Lafayette the big wagon collided with a surrey in which Mr. and Mrs. Eugene Sovine were riding and wrecked it. Mrs. Sovine was slightly injured, but Mr. Sovine luckily escaped unhurt.

Arthur Burns, who is secretary of the Hod Carriers' union, fell and sustained a dislocation of the elbow. Dr. Crull was summoned to attend the injured man.

A domestic employed at the home of Attorney E. V. Harris, at 50 Huestis avenue, fell down the cellar stairs yesterday and was seriously injured. Several ribs were fractured.

Miss Tillie Parrent, of Harlan, fell and sustained a bad fracture of the left arm yesterday. Dr. C. F. Swift, who attended, says the bones perforated the flesh and he had considerable difficulty in replacing them.

Queen Lil En Route to Washington.

ST. LOUIS, Mo. Nov. 29.—Ex-Queen Liliuokalani, of Hawaii, and suite, passed through this city today en route to Washington where she will lay before President McKinley her claims to 1,000,000 acres of Hawaiian lands. She will also submit a proposition offering to dispose of the property in question to the United States government for the sum of $6,000,000.

New President for Oberlin.

COLUMBUS, Ohio, Nov. 29.—A special to the Dispatch from Oberlin, Ohio, says the trustees of Oberlin college today elected John Henry Barrows, of Chicago, as president of that institution. It is understood he will accept and assume the position on January 4, 1899, when the winter term begins.

Miss Myrtle Maxwell has returned from a visit at Columbia City.

No Pressure Will be Brought to Bear to Get It.

Government Officially Notified of the Successful Termination of Peace Negotiations.

WASHINGTON, Nov. 29.—The government has been officially advised of the successful termination of the peace negotiations with Spain.

A cablegram to this effect which had been received from Chairman Day was read at today's cabinet meeting by the secretary of state.

By the terms of the treaty, which will be signed during the present week, Spain surrenders to the United States her sovereignty in the Philippine archipelago and Guam Island, one of the Ladrone group. In lieu of all claims to indemnity the United States will pay Spain the sum of $20,000,000 in gold or its equivalent.

Before returning to the United States our Paris commissioners will secure from the Spanish representatives, if possible, a proposition for the sale to the United States of Strong island, one of the Caroline group, some distance east and south of Luzon, for a cable station.

Should Spain, however, decline to sell the island for a reasonable sum the matter will be dropped for the present at least.

The possible cession of this island is not involved in the pending treaty, and no pressure will be brought to bear against Spain to part with it.

A large part of the time of today's cabinet meeting was consumed in the discussion of the new customs tariff which is to be put into operation in all parts of Cuba as soon as the United States takes formal possession.

THE WABASH SHOPS.

Report That They Will be Removed From Fort Wayne.

The Statement is Made by a Peru Newspaper, Which Urges That City to Try to Get Them.

The following from the Peru Journal of Monday evening is of vast interest to the people of Fort Wayne. Just how much foundation there is for the statements made in the Peru paper THE SENTINEL can not say. The article follows:

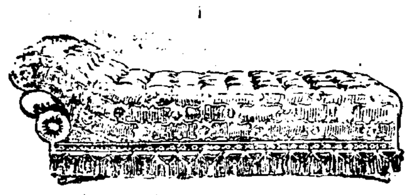

"Peru has the chance of gaining prominence that has never been dreamed of if the proper steps are only taken to improve opportunities and to prepare the way. If the city acts promptly and properly it may gain the removal of the extensive construction and repair shops from Fort Wayne to this city. The shops have been distributing $10,000 a month in Fort Wayne for years and it need take no argument to show the immense advantage the location of such an industry as that would be to the city. It would bring in a large number of very desirable new residents, they would fill up the vacant houses, take new ones that would have to be built, spend the $10,00 in wages a month among us, and in every way would make the most desirable addition to the city that could be chosen if we had the choice of the world.

"This has all seemed very far away in years past, but certain developments of the present show plainly to those who are informed that the Wabash railroad could be induced to change to Peru with very little effort on our part. There is a great abundance of suitable land at command and with the proper kind of an offer from our new business association the immense institution could be taken away from Fort Wayne without trouble. This is so evidently true for one reason, if not for another, that the Wabash would find it greatly advantageous to have its principal interests of the eastern division centralized in Peru. When Peru was first favored by the Wabash some years ago we had very little compared with what we have now. Additions were made gradually but surely in the intervening years until now, as everyone knows, we have everything of any consequence but the shops at Fort Wayne. The question now is, 'Why should we not get the shops for Peru?' The Wabash is ready, willing, and it may be said even anxious that we should have them. This is the time for action."

Master Mechanic Doebler is not in the city today and when THE SENTINEL sought information at the Wabash offices no one there knew anything about the foregoing statements of the Peru paper or what foundation there was for them.

SPAIN had to give in or give out. Sagasta chose the wiser course.

THE state department will now busy itself trying to arrange a treaty with the senate that the treaty with Spain may be approved.

THE announcement is a trifle late, but the public will be none the less interested to know that the annual jacking-up of the price of coal is about to be inaugurated.

IT WILL be no credit to the republicans of Indiana to turn to inexperienced boys for senatorial timber when a brainy, cultured, experienced, statesmanlike man such as Judge R. S. Taylor may be sent to the upper house of congress.

THE hoodoo that possessed the battleship Texas until the war began seems to have perched on the recently launched battleship Wisconsin. After taking her maiden plunge, last Saturday, the Wisconsin rammed her nose into the mud and pulled her keel in after her, and there she is stuck waiting to be dredged out.

THERE is something wrong in the society or in the courts or in both in Elkhart county, where at the last term of court there were sixty-six divorce cases on the docket for action. More than half of them were granted, some were dismissed and a large number continued. Elkhart county has about half the population of Allen county, but is grinding out divorces faster than both the Allen county courts.

WITH Americans (that is whites), and more Americans (that is Indians), Ethiopians, Chinese, Cubans, Porto Ricans, Kanakas, Filipinos and various mongrel mixtures of Malays found here and there in our new far Pacific possessions, we may claim without boasting to have a great and interesting citizenship in this great and interesting country. There are other varieties on the earth which will either come to us or be sent for when needed.

THE agitation for reform in county and township government is praiseworthy, but it should be understood that no intelligent and practicable enactments of the sort necessary are possible in the short time that constitutes a legislative session in Indiana. There is too much business that has to do with corporations, politics and the like, that politicians will not consent to shelve, to permit the arrangement and discussion of county reforms. It might be well to appoint a commission to prepare a scheme of reforms for presentation to the legisture to be selected two years hence.

IT is fast coming to the period of great international trusts which have been for some years predicted by many political economists. It is announced from abroad that a full understanding has been reached by the government of Russia and the Standard Oil company whereby Baku and the American combination will be able to exercise worldwide control of the petroleum market. The Russian oil interests furnished the only competitor the Standard has ever had for the world's markets. If the two have combined, it is of economic importance to the entire civilized world.

THERE is not now much left of Spain but Spain. The peninsular kingdom, the Belearics in the Mediterranean, the Canaries in the Atlantic, and the Carolines and the Ladrones in the Pacific are all that remains of the mightiest empire the world has ever seen. Spain's colonial possessions once comprised the greater part of the western hemisphere. Today she has no colonies, for the islands mentioned are small and unimportant—mere possessions, not colonies. They are fit only for naval or coaling stations and useless to Spain for those purposes, because she now has neither navy nor merchant marine. The war with the United States has stripped her of the Philippines, Cuba and Porto Rico, all wealthy and productive. Spain must rehabilitate herself as a power from the resources within the peninsular kingdom. With reform of home government, reconstruction of her financial system and an effort to develop the kingdom, there would no doubt be the birth of a new and modern national spirit in Spain; a spirit that would catch its inspiration from nineteenth century atmosphere, instead of drawing it from the dead air of centuries long gone. Spain needs new blood, the more aggressive genius of hardier peoples, and these will come to her for the development of the country, if she tries not to rise upon the silly pride which has already caused her fall.

SPAIN PROSTRATE.

Spain has accepted the terms submitted by the United States peace commissioners and the Philippines have been ceded or sold, as you choose to regard it, to this country. Acceptance of the American demands marks the passing of Spain as a colonial power.

It is not the nature of the apathetic Spanish character to fully apprehend at once all that has taken place within the past half year. The march of events has been too rapid. Spain is still dreaming—troubled dreams, of course—and is not yet awakened to realization that her history for six months and more has been a swiftly flying series of magnificent disasters, of crushing humiliations.

The battleship Maine was blown up February 15 in Havana harbor. Before Spain had had time to understand the pitch to which the American people had been wrought by this appalling treachery, the abandonment of Cuba was forced upon her as the only alternative of war. Within the week beginning April 20th, the president was authorized to intervene with force in Cuba, blockade of Cuba was proclaimed, volunteer soldiers were called for and war declared.

Another week had not passed when the hypnotic spell upon Spain was deepened by the news of Montejo's defeat and the annihilation of his squadron by Dewey in Manila bay. Then within two months came the dramatic destruction of Cervera's fleet and the fall of Santiago. This was followed by the rapid conquest of Porto Rico and then the fall of Manila itself.

Spain's armies have been routed, her navy is settling into the ooze of the sea-bottom and in the colonies over which her flag for centuries has floated her power is crushed and her title extinct. All that remains of Spain is Spain—a crumbling monarchy resting on a purblind pride that has itself been ruin.

The Right Way to Buy An Overcoat

Is first to find a reliable place to purchase it, a place that you've got faith in, a place where you can get satisfaction or get your money back if you want it--that place is our store. Now, as to the garment itself: You don't want a back number, you don't want an ordinary common-place dry goods or bargain store overcoat that smacks of by-gone times. On the contrary, you want a coat that's UP-TO-DATE, a coat that's made of new, substantial and fashionable fabrics--the custom made kind--cut to special order and made in this season's styles for this season's wear--fine custom tailor work at one-half custom tailor prices--and that's

The Kind of Overcoat You Can Buy of Us.

We've got coats for less money than $10, and good ones, too, but at $10 we're selling stylish Beaver cloths of the most approved cut. Also fine Meltons with satin sleeve linings and all the details that go to make up the ordinary $20 coat at the custom tailors....... **$10**

Superior Meltons, fine Kerseys and Beavers, as well as other fabrics of this class, are found in the Overcoats we are selling at $15. The natty appearance of these coats will not only please you, the workmanship surprise you, and the price delight you, but you'll have a garment that we're proud to sell you and you'll be proud to wear.......... **$15**

At $18 you can take your choice from some of the finest fabrics in vogue this Fall—imported English Cheviots, Kerseys, Whipcords, and other superior fabrics that you don't find at ordinary stores. We select the goods and they're made up to our special order; that's why we know what we are talking about when we say they are the best coats you can buy for $18.......... **$18**

If You are Dissatisfied You Can Always Get Your Money Back if You Want it.

TO PORTO RICO.

August Bowser Will Seek Investment There.

He Will Leave in a Few Days for New York and Will Sail for San Juan the Middle of December.

August Bowser, who recently sold his interest in the S. F. Bowser Manufacturing company, will leave in a few days for New York and about the middle of December he will sail for San Juan, Porto Rico. Mr. Bowser is the first citizen of Fort Wayne to leave for that country for the purpose of placing capital. He is not certain that he will acquire interests there but if several inducements held out to him are as promising as they seem to be he will very likely take hold. He has in view some coffee interests. Mr. Bowser will be gone at least several months.

SURE TO BE CONVICTED.

Police Confident that Bank Forger Becker Will Get a Sentence.

SAN FRANCISCO, Nov. 29.—The police are now confident that Charles Becker, the bank forger, will be convicted at his third trial for forging a $22,000 draft on the Nevada bank. James Creegan, who was convicted with Becker on the first trial, has turned against Becker and told the full story of the crime.

His confession is being kept secret, but his testimony, added to that of Frank Deane, who turned state's evidence when the trio were arrested, and on whose testimony Becker and Creegan were once convicted, is expected to insure the conviction of Becker.

WILL MARRY AGAIN.

Widow of P. T. Barnum Negotiating for Her Third Husband.

BRIDGEPORT, Conn., Nov. 29.—It is stated that the widow of P. T. Barnum is about to marry a French nobleman in Paris. The great showman's widow took for her second husband, Demetrius Callias Bey, a Greek, who died in September 1896, in Constantinople, after a wedded life of a year. Madame Callias has been in Paris for more than two years.

NORTHERN INDIANA NOTES.

Mrs. John Steinke, living near Laporte, had an eye hooked out by an unruly cow which she was milking.

Oliver Hubler, formerly a well known resident of Warsaw, was killed at Benton Harbor, Mich., by being struck by a train.

North Manchester wants a wood inspector whose duty it shall be to see that when a cord of wood is paid for in that town a cord of wood shall be delivered.

Montpelier is trying to breathe the breath of life into herself again and the board of trade is making lively efforts to locate a number of new manufactories.

Churubusco is having a bad time to establish a water supply for her water works system. Three wells have already been sunk at an expense of $1,200 and no water has yet been found.

Steam was turned on a boiler in the Pittsburg plate-glass plant, at Kokomo, not knowing that Matthew Drinkater was engaged in cleaning the flues, and he was horribly scalded before he could be dragged out.

The two-year-old daughter of Mr. and Mrs. William Dawson, living near Plymouth, was fatally scalded by falling into a kettle of boiling water around which she was playing. The little one's mother was within a few feet when the accident occurred.

The German Lutheran church building in Huntington was damaged to the extent of $5,000 by fire Sunday. The large pipe organ was ruined. The fire was discovered between the ceiling and the roof shortly after the close of the afternoon services.

The gas supply failed so rapidly at Wabash that all manufacturing concerns were cut off, and the secretary of the Logansport and Wabash Valley Gas company stated that the draft on the wells had reduced the pressure so that it was impossible to supply factories in pipe-line cities in cold weather.

Investigating Philippine Agriculture.

BERKELY, Cal., Nov. 29.—Lieutenant H. A. Hanin, an instructor in the agricultural department of the University of Caifornia, now stationed with one of the California regiments at Manila, has been detailed to conduct an official investigation into the agricultural resources of the Philippines and to make a report of the results to Washington.

Tidal Wave Inundates Trieste.

VIENNA, Nov. 29.—Trieste and the district round about was flooded on Sunday by a tremendous tidal wave, which did much damage to property and shipping and caused the loss of many lives. There was a violent earthquake throughout the southern provinces of Austria. From various causes no fewer than twenty-eight lives, it is reported, were lost.

GOING TO INDIA.

Miss Margaret Carver to Go to a Foreign Mission.

Former Fort Wayne Young Lady Pays a Farewell Visit to Her Friends Before Her Departure.

Miss Margaret Carver, of Delaware, Ohio, arrived in the city this morning to be the guest of her sister, Mrs. G. W. Lahr, of 264 West Wayne street, and while there she will meet many friends and acquaintances of former days when she made this city her home.

Miss Carver has studiously devoted her time during the past three years to the missionary cause with a view of engaging in mission work as a life occupation. Having thoroughly prepared herself she applied to the National Committee on Foreign Missions of the Methodist church for an appointment, which was given her very recently. She has been detailed to go to India where she will labor among the heathen for an indefinite time.

Miss Carver is a daughter of J. F. Carver, who at one time conducted a hardware business on East Columbia street. She is a sister of Walter Carver, who has often sung in the Fort Wayne public. Her visit in this city will be brief.

AT THE TEMPLE.

Charles Coghlan in "The Royal Box," Wednesday Evening.

At the Temple theater, Wednesday evening, Charles Coghlan, one of the best actors in this country, will present for the first time in this city, his great success, "The Royal Box," which achieved a dramatic triumph at the Fifth avenue theater last season and enjoyed a run of 100 performances.

"The Royal Box" is said to be a strong romantic drama adapted by Charles Coghlan from Dumas' "Kean," thrilling in dramatic interest, strong in situation, most delightful in characterizations, introducing prominent personages—royalty, diplomats and actors during the time the Prince of Wales was a patron of the theaters.

Charles Coghlan, in the role of Clarence, the actor, gives, it is claimed, a finished and brilliant piece of artistic acting. The production is said to be thoroughly finished in every detail. The scenes are reproductions of historical models furnished by Henry Batnes, the English artist. The first is a reception of the Swedish embassy. The actor's lodgings, the public room at the Cat and Fiddle and the stage of the Drury Lane theater are the features.

The sale of seats is now in progress at the box office for this engagement.

HOWE SCHOOL.

Important Meeting Held at the Office of Hon. T. E. Ellison Yesterday.

The trustees of Howe school, of Lima, Ind., (formerly Howe Military school) met at the office of Hon. T. E. Ellison yesterday afternoon for organization and the regular transaction of business. The board organized as follows:

President—Bishop John Hazen White.

Secretary — William W. Hammond.

Treasurer—Charles G. Nichols.

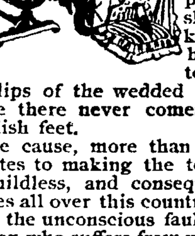

The others of the old board of trustees who hold over are the Hon. T. E. Ellison, of this city, and the Hon. Aquilla Jones, of Indianapolis. Three new trustees were elected as follows: Dr. Clarence A. Blake, of Boston; Hon. Percy C. Dwight, of Indianapolis, and Charles Gunther, of Chicago.

One of the most important matters up for the consideration and action of the board was the transfer of the property upon which Howe school stands, and which has formerly belonged to the Episcopal diocese of Indiana, to the new corporation which is known as the Howe school.

Will Return Hooley's Contributi n.

LONDON, Nov. 29.—The Carleton club has offered to return to the Hooley estate the 10,000 pounds which Ernest Hooley, the bankrupt, contributed some time ago, through the club, to the funds of the conservative party.

It is to be regretted that two sterling attractions, such as the Sherwood Concert company and Messrs. Evans and Miles are, fall upon the same date. The concert is to be given under the auspices of the Woman's Club league, in the regular course and the recital of Mr. Evans and Mr. Miles is announced for the same evening at the Temple. The date of one of the attractions will probably changed.

In the heart of every man and in the soul of every woman there is a vacuum that can only be filled by a child. In America there are too many childless homes. All the love and passion of courtship and all the kisses of the honeymoon turn to bitter dust upon the lips of the wedded couple to whose home there never comes the patter of childish feet.

One cause, more than any other, contributes to making the tens of thousands of childless, and consequently unhappy, homes all over this country. The cause is often the unconscious fault of the wife. A woman who suffers from weakness and disease of the distinctly feminine organism is unfitted for motherhood, and if she has children it will probably be at the sacrifice of her own life. Dr. Pierce's Favorite Prescription is a wonderful medicine for women who suffer in this way. It acts directly on the delicate and important organs concerned in wifehood and motherhood. It makes them strong, healthy, vigorous, virile and elastic. It banishes the squeamishness of the expectant period and makes baby's advent easy and almost painless. It insures the little new-comer's health and a bountiful supply of nourishment. Thousands of homes that were childless and unhappy now echo with the prattle of healthy babyhood, as the result of the use of this marvelous medicine.

"When I began taking Dr. Pierce's medicines I was very sick," writes Mrs. R. D. Moore, of Schuyler, Colfax Co., Nebr., (Box 173). "I could not keep anything on my stomach, and kept getting worse. My husband got me two bottles of Dr. Pierce's Golden Medical Discovery, two of his 'Favorite Prescription' and four of his 'Pleasant Pellets.' (At this time I had been pregnant about two months.) I began taking the medicines, and in less than a week I could eat anything. The 'Favorite Prescription' is the best medicine in the world for prospective mothers. My health is better now than it has been for twelve years. My little girl is now six months old and is well and healthy. I do not think I should have had my baby if we had not obtained something to build up my system and strengthen me."

Twenty-one one-cent stamps cover the mailing of a paper-covered copy of Doctor Pierce's Common Sense Medical Adviser. Cloth-bound, 31 stamps. Send to Dr. R. V. Pierce, Buffalo, N. Y.

MAKING HASTE SLOWLY.

The Ingenious Husband Plays a Mean Trick on His Wife.

"My wife never appears to be happy," said Dodson wearily, "unless she has some sort of a fad. Just at present it is Emerson. One of the innumerable clubs that she belongs to has started on a course of study along the line of that impenetrable mystery, and my wife has taken it up with an enthusiasm worthy of a better cause.

"She has made it a sort of religion to read one hour every night from Emerson's essays, and I wouldn't object to that if she would keep quiet, but just as soon as I get interested in a political article she breaks in, and, with her face glowing with enthusiasm, insists on reading an extract from Emerson that she calls simply sublime. Then I am obliged to listen to a long seesaw of big words that would sound just the same if they were read backward, and then when I ask what it is all about she flares up and says that I have no appreciation of the inner soul of a superior intelligence—whatever that may mean.

"I picked up the book the other day and chanced to notice that my wife had carefully marked the place where she had left off the night before with a hairpin. An idea occurred to me, and I set the hairpin back 20 pages, which is her usual limit at one time.

"The next evening she started in where I had placed the hairpin and read through to where she had left off the evening before without noticing that she was going over old ground.

"I have kept it up now for two weeks, and she is still reading the same 20 pages, totally unconscious that she is reading the same thing over and over.

"I am really growing interested in the matter. I notice that now and then she examines the remaining pages rather anxiously, as if she realizes that she is not making the progress that she ought.

"She has now become so anxious to get through, so that she will be able to say that she has read Emerson, that she no longer bothers me with extracts, and I can read my paper in peace.

"Meanwhile I simply chuckle to myself and take care that the hairpin is set back 20 pages every day."—Detroit Free Press.

An Economical Move.

Mr. Spriggs—My dear, it won't be necessary for you to go to the auction at Mr. Sellout's tomorrow.

Mrs. Spriggs—There may be two or three things there that I want, and, besides, I enjoy going to auctions.

"There won't be any auction there."

"Why not?"

"I stopped in today and bought everything he had at private sale."

"Everything? Private sale? Are you crazy? What in the world did you that that for?"

"Because I didn't want you to go tomorrow and pay three or four prices for everything."—New York Weekly.

LIGHTNING MAIL SERVICE.

Major Stewart Quickly Established Eighty Postoffices in Porto Rico.

Among the passengers who came up from Porto Rico to New York on the transport Manitoba was Major Stewart of the Second Illinois, who was sent down with six assistants to establish a postal service in Porto Rico. Major Stewart has been away two months, and he said recently that he had a system now working in Porto Rico that was very satisfactory. He took down with him 90 clerks from the United States, and nearly all have been left in charge of postoffices.

"Four hours after a town was captured," said the major, "we would have a postoffice opened and running like clockwork, with a money order and registered letter department included. After awhile we went in advance of the army and opened postoffices in the interior before the troops had occupied the country. In some towns we have put natives in charge of the offices, and they have proved very satisfactory. The climate will make it hard for the American clerks, and most of them desire to return. I believe that in time we can leave natives in charge of even the most important offices. There are now about 80 offices running with the same system as we have in the United States."—New York Sun.

WOMAN BESTS SCIENTISTS.

She Makes Important Psychological Discovery at Cornell.

Professor E. B. Titchener of the psychological department of Cornell recently announced to his classes that a new and important psychological discovery had been made in the laboratories at Cornell. The relation between "intensity of stimulus" and "intensity of sensation" of sense of smell has been demonstrated to be exponent between 1-3 and 1-4.

This is a new feature of "Weber's law," of which, until the experiments at Cornell were completed, nothing definite was known. To determine this experiments have been carried on at Cornell for three years. Dr. Titchener was assisted in his work by Miss E. A. Gamble, now an instructor in Wellesley. She was graduated from Cornell last June, taking a degree of Ph. D., and it was due to her efforts more than to Dr. Titchener's that the successful result was reached. Fourteen different persons and 30 different substances were experimented upon.—New York Press.

"No," said the cousin from the far west, "we can't burn wood in our part of the country. Timber's too scarce."

OIL FOR ROADS.

Messrs. Peters and Pape Find Something New in Highways.

While at the Good Roads Convention They Are Shown How Missouri Roads Are to be Repaired.

Messrs. J. C. Peters and Charles Pape attended a good roads convention at St. Louis last week, and while there they were treated to a genuine surprise in road making.

"I never heard of a road being improved by pouring oil over it until I attended that convention," said Mr. Peters. "And," he continued, "if the test in Missouri proves a success roads are apt to be improved by this method in other states. A highway treated with oil is first graded and put in as good a shape as possible; then crude oil is poured over it and allowed to saturate into the earth while it is yet soft. As the ground hardens a smooth, durable surface is the result; and when it rains the water runs off the road as quickly as it would from a duck's back. It is never muddy, and consequently does not fill with ruts. From all appearances the oil road is a good thing for Missouri, as the soil is adapted to absorb and retain the oil a long time, whereas some soils would keep so much of the fluid on the surface as to make it not only impracticable but very disagreeable for travel and to the nostrils, as well as dangerous in case of fire."

MIKE WALSH'S HAT.

The Genial Assessor Now the Owner of a Lady's Pretty Hat.

Assessor M. V. Walsh is being ogled since Sunday by many of Fort Wayne's young lassies and by some of the older ones, too. During the St. Mary's church fair at Huntington last week numbers were given with each admission ticket and when the prizes were awarded Saturday evening Mr. Walsh was the recipient of a lady's hat. And now Mike doesn't know what to do with it. He has floated along the stream of life for more than half a century without taking unto himself a better half and can not now understand why fate should decree that above all things he should be the owner of a lady's hat. A conference of Mike's friends will probably be held at which time it will be determined what disposition to make of the headgear if the genial assessor won't wear it himself. Among the other Fort Wayne people awarded prizes were: Will O'Brien, a barrel of flour; Mr. [illegible], dinner set; Rev. Father Delany, sick call case. The fair netted the church more than $2,100 and Fort Wayne friends will be pleased to know that Father Quinlan has demonstrated his popularity with citizens of Huntington.

Hacking Cough Cured.

Ramon's Liver Pills & Tonic Pellets have permanently cured me of a troublesome disease that I had in my back, stomach and bowels, which was accompanied by a hacking cough. I was for a long time unable to get up when I was down; but now I am as well as anybody. I believe I would have been in my grave if I had not used them. I have sold them for the last ten years. My customers will have no other. W. C. Embry, Embry, Ga. nov1

NOTED SCHOLAR.

Dr. G. V. Black, of Chicago, Will Address Dentists.

Meeting at the Wayne Hotel and Friends are Invited—Visitor a Dean in Northwestern University.

Under the auspices of the Isaac Knapp Dental Coterie, Dr. G. V. Black, of Chicago, will this evening address the coterie and its friends on a subject of general interest to the profession. Dr. Black is eminently known as a scholar and scientist. At present he is dean of the dental department of the Northwestern university and he holds a professorship in the branches of bacteriology and pathology. In his lecture he will use a stereopticon to illustrate his subject.

The local dental society has several times in the past brought noted speakers to the city and it will continue to do so in the future. The Isaac Knapp Dental coterie has done a great deal to elevate the profession to a high plane, progressive and up to date.

Among the guests at the Randall: Amos J. Mitchell, Findlay, Ohio; C. A. Lucas, Indianapolis; Lem Hazen, Warsaw; W. H. Bork, Toledo; T. C. Read, Detroit.

SINGULAR STATEMENT.

From Mrs. Rank to Mrs. Pinkham.

The following letter to Mrs. Pinkham from Mrs. M. RANK, No. 2,354 East Susquehanna Ave., Philadelphia, Pa., is a remarkable statement of relief from utter discouragement. She says:

"I never can find words with which to thank you for what Lydia E. Pinkham's Vegetable Compound has done for me.

"Some years ago I had womb trouble and doctored for a long time, not seeing any improvement. At times I would feel well enough, and other times was miserable. So it went on until last October, I felt something terrible creeping over me, I knew not what, but kept getting worse. I can hardly explain my feelings at that time. I was so depressed in spirits that I did not wish to live, although I had everything to live for. Had hysteria, was very nervous; could not sleep and was not safe to be left alone.

"Indeed, I thought I would lose my mind. No one knows what I endured.

"I continued this way until the last of February, when I saw in a paper a testimonial of a lady whose case was similar to mine, and who had been cured by Lydia E. Pinkham's Vegetable Compound. I determined to try it, and felt better after the first dose. I continued taking it, and to-day am a well woman, and can say from my heart, 'Thank God for such a medicine.'"

Mrs. Pinkham invites all suffering women to write to her at Lynn, Mass., for advice. All such letters are seen and answered by women only.

STEEL RAIL DEAL.

Five Chicago Lines Place Immense Orders.

The Transaction Involves a Sum of $3,240,000—Tom O'Rourke Goes to Philadelphia.

CHICAGO, Nov. 29.—Five railroads centering in this city, Illinois Central, Chicago and Northwestern, Chicago, Milwaukee and St. Paul, Chicago, Rock Island and Pacific, and Chicago, Burlington and Quincy have placed large orders with the Federal Steel company for new rails. The material will be manufactured by the Illinois Steel company, one of the concerns in the new Federal company. Millions of dollars are involved in the deal. The aggregate of three of the contracts, which have been definitely figured up, is $3,240,000. The rails are to be used for extension and repairs.

The material will be put in place next summer. The amounts of the orders which have been ascertained are as follows:

Chicago and Northwestern, 75,000 tons.

Illinois Central, 50,000 tons.

St. Paul, 55,000 tons.

The Illinois Steel company also has an order, on which it is now working, for 500 tons of rail for a railroad eighteen miles long, to be built in Hawaii.

Opposed to the Appointment.

H. O. Havemeyer, of New York, who represents a big block of the stock of the Toledo, St. Louis and Kansas City (Clover Leaf), is said to be opposed to the appointment of Samuel Hunt as receiver of that road. He has no personal objections to Mr. Hunt, but believes that a man more familiar with the affairs of the company should fill the position. It is possible that a co-receiver will be appointed, which arrangement is said to be agreeable to Mr. Havemeyer, providing he is accorded the privilege of naming the man. In commenting upon this matter the Toledo Commercial says: "None of the officials of the road in this city appear to know anything about the matter other than that Mr. Havemeyer was in Toledo making inquiries. It is generally understood that a co-receiver will be asked for, and it is the opinion that the request will be granted."

Discharging Men.

The Vanderbilts have commenced a system of retrenchment which threatens to cost 5,000 men their jobs. The plan of operation includes consolidation of the shops, and at Buffalo last week 200 men were thrown out of employment by the shops being transferred and consolidated with those at Depew. At all other points between New York and Chicago the company is gradually laying off men wherever practicable. This move has placed every employe on the "ragged edge," and his anxiety will not abate until he is assured the decapitating axe has ceased to work. Ten or twelve years ago the Vanderbilts made a similar reduction in its force, but all the discharged men were reinstated before three months had lapsed. For the first time in years the fall reduction in the operating departments of roads in the Central Traffic association and the trunk lines has not been made, except in this one instance. In fact, in regular train service and in yards at terminals, more men are now in service than in any November in the history of most of the lines.

Watchmen on Country Road Railway Crossings.

According to a decision of the courts, boards of county commissioners have the power to order railway companies to place flagmen, or watchmen, at dangerous crossings on highways outside of the towns and cities. In the majority of cases such a precaution is unnecessary, but there are a few crossings where safety to the public seems to demand it. The Nickel Plate has a watchman at the crossing of the New Haven pike and the railroad, two miles east of the city. This is necessary because the view is obstructed by a hill and the driver of a team going east cannot see a train approaching from that direction until it is nearly at the crossing.

Firemen's Brotherhood.

A. G. Porter lodge, No. 141, Brotherhood of Locomotive Firemen, has adopted a plan which they expect to result in a big addition to the membership list. Up to April 1 all applicants will be taken in the lodge without being assessed the usual initiation fee, and the officers hope to double the membership before the expiration of that time. Last evening the order initiated several members and took action upon several other applications.

Eastbound Shipments.

Eastbound shipments of flour, grain and provisions last week amounted to 90,872 tons, against 92,506 tons for the preceding week. Last week's figures, however, include only five days' business. The percentage carried by each road was as follows: Baltimore and Ohio, 12.3; Big Four, 2.9; Erie, 10.7; Grand Trunk, 7.6; Lake Shore, 11.2; Michigan Central, 13.3; Nickel Plate, 10.1; Panhandle, 8.4; Fort Wayne, 17; Wabash, 6.5.

The New Limited.

The Pennsylvania company is sending its limited cars through the shops, remodeling and repainting them. The first train so treated passed through this city this morning. The only change in the appearance of the exterior of the cars is in the border stripe, which is now painted red and bears the word "Pennsylvania Limited" in gold letters. In the interior the greatest change is in the smoker, which is now finished with solid mahogany, similar in elegance to other cars in the train.

Tom O'Rourke's Appointment.

Thomas O'Rourke, son of Judge Edward O'Rourke, has received and has accepted a flattering offer from Philadelphia, for which city he will leave tonight. He will be assistant superintendent of a large electric light plant, a position he is eminently qualified to fill. Mr. O'Rourke has been employed in the electric works in this city for the past fifteen months, and during his service there passed through what is termed "the student's course," which is intended to prepare men for positions such as the one Mr. O'Rourke is about to assume.

Station Agents Fight Burglars.

DETROIT, Nov. 29.—A special to the News from Grand Rapids says: "Isaac Schultes, Grand Rapids and Indiana station agent at Martin, and his assistant, Marshall Wickes, had a wild west battle with two robbers in the depot today. Wickes and one of the burglars were wounded.

"The robbers had blown open the depot safe. A burglar alarm ran from the depot to Schultes house and when the robbers began work, Schultes and Wickes appeared, armed with Winchesters, and ordered the bandits to throw up their hands. Instead, they opened fire and a fusilade of shots were exchanged.

"Wickes fell badly wounded, but will recover. One of the robbers was shot in the leg, but both escaped. The unwounded man stole a horse from a farmer's barn, and rode toward Grand Rapids.

"When his horse became exhausted he stole another. It is reported he has been captured near Wayland. The wounded robber is surrounded in a swamp."

"LATER.—Both the Martin robbers were easily captured later; one of them at Gunn Lake, the other at Wayland. Both were tracked through the snow by posses of citizens."

Warehouse Man Hurt.

A. C. Parrish, an employe in the Wabash warehouse, was severely injured this morning. While working with other men in transferring freight to and from cars, he had his left foot caught between a hand truck and the brick wall of the building, spraining the ankle and burising the flesh most painfully. The accident will lay Mr. Parrish up for at least two or three weeks.

A New Manufacturing Firm.

O. H. Larwill and Edward Beldin have entered into copartnership for the purpose of engaging in the manufacture of electrical supplies and have bought the Eckart building near the Lake Shore road, in Bloomingdale. They propose to equip that building with all the necessary machinery and expect to be in full operation inside of ninety days. Mr. Larwill, who was seen by a SENTINEL reporter this morning, said that all the details had not been arranged, and it was impossible for him to state the number of men the firm would employ, but they expect to engage a large force. Most of them will be skilled mechanics and will command good salaries. Mr. Beldin is an expert electrician, having had a vast experience in that way in the factory of the Electric corporation, and no man in Fort Wayne is better qualified for conducting a business of this character than Mr. Larwill. The firm will undoubtedly prosper from the start.

General and Local News.

G. C. Patton, Pittsburg fireman, is sick an off duty.

C. E. Myton has taken a position on the Nickel Plate. He is a brakeman.

Peter Merz and Jacob Ahner, car builders, are sick and unable to work.

John Schrader, of the east car shops, is on duty again, after a few days' sickness.

Pittsburg Engineer Thomas Dyer has reported for duty after being on the sick list.

Blacksmiths Henry Dryer and E. B. Moore, of the Pittsburg shops, are on the sick list.

George Cooper, Nickel Plate engineer, who was on the sick list a week, reported for duty yesterday.

Urban Bott, a machinist in the Wabash shops, has returned to his work after a month's illness.

J. R. Gardner, Pittsburg yard conductor, has taken a week off to attend to some private business.

After an illness of ten days, J. J. Collins has returned to his duties in the east car shops. He is a tinner.

Mr. and Mrs. F. C. Smith were guests of his father at Lima, Ohio, over Sunday. Mr. Smith is a car builder.

H. C. Longohr, the tinner who was married last week, this morning resumed his place in the Pittsburg shops.

Walter Stanley, Nickel Plate caller, was hunting at Claypool yesterday and today is feasting on quail on toast.

After a sickness dating from last June, Fireman Peter McGuire this morning reported for work on the Pittsburg road.

Pittsburg Fireman C. W. Arnold, who was injured at Valparaiso a few days ago, was able to resume work this morning.

Engineer Van Tilburg, of the Nickel Plate, who had a knee injured two weeks ago, has recovered and is at work again.

Alf. Raifsnyder has recovered from his recent illness. He is night yardmaster of the old yards of the Pennsylvania company.

C. D. W. Hilker, boiler lagger in the Pittsburg shops, has recovered from an illness which kept him from his work for two weeks.

After a week's illness, S. Gable has resumed his place upon an engine in the Pennsylvania's local freight service. He is a fireman.

It costs $5 to ride from Skaguay to White Pass City, Alaska, sixteen miles. Freight is carried over the same line at the rate of $3.50 per 100 pounds.

Charles F. Kothe, foreman of one of the departments in the electric works, has returned from a quail hunting expedition into the country.

W. V. Croy and family are in Auburn, Ind., where they attended the funeral of his father yesterday. Mr. Croy is an employe of the east car shops.

Indiana and Ohio coal roads are now handling the largest tonnage of coal of any year in the last six, so many manufacturers are changing from gas to coal.

Charles Smith and Ernest Mongey each sustained painful bruises to their feet yesterday by an iron rolling over against them. Both are off duty for a few days.

On the westbound Pittsburg passenger train this morning were Hon. E. V. Emrick, Frank Gebert and Fred Kreibaum, who went to Pierceton to hunt rabbits.

Fireman J. C. Polhamus, of the Pittsburg, who had been running the stationary engine during the sickness of M. C. Tierney, has resumed his duties on the road.

Passenger Fireman Fullerman had the misfortune to severely sprain his back while out on his run on the Nickel Plate yesterday. He managed to bring his train in, however.

B. F. Strock, foreman of the bridge and building department of the Wabash, was in the city this morning on business for the company. He resides in Andrews.

C. H. Hamilton, of 88 Wagner street, has been offered and has accepted a position with the Pennsylvania company. He will take up the duties of the position in a few days.

Samuel Rothrock has returned to the city to resume his duties in the electric works, after several weeks' absence on account of the sickness and death of his father, who resided in Pennsylvania.

Mr. Ward, assistant inspector of the police department of the Northwestern system of the Pennsylvania, was here yesterday in conference with Captain Stoll. He found everything in good shape.

The opinion prevails among railway officials that more improvements will be made to important railway systems and many of the smaller ones in the year 1899 than in either of the last ten years.

R. C. Houck, assistant cashier of the Wabash, is hunting rabbits in the vicinity of Maysville today. His friends will not suffer for meat for the next fortnight, if the expectations of this Nimrod are realized.

D. A. Marquet, a member of the erecting gang in the east car shops, received a painful cut over the eyes, Saturday afternoon, from a hammer which rebounded when he struck an iron. He will be off duty a few days.

Richmond Palladium: "W. H. Hunter, formerly the claim agent of Richmond division, now at Fort Wayne, was in the city yesterday calling on old friends. He is enjoying the best of prosperity and looks well."

While at work in the Pennsylvania shops yesterday E. R. Turner had the first toe of his right foot smashed under a piece of falling iron. Dr. G. C. Stemen dressed the wound. He thinks that the toe can be saved.

While going to his work in the east yards upon a hand-car yesterday morning, J. Hahn got his left hand caught in the gearing in such a manner as to crush the second finger. Dr. Lomas attended the unfortunate man.

The Vanderbilts will follow the example set by the Pennsylvania, and build all its ore cars 100,000 pounds capacity. An order for 1,000 of these cars was placed with the Schoen Pressed Steel company, of Pittsburg, last week.

In Cuba a locomotive engineer, who also must be a good mechanic, is paid $130 a month in gold, the fireman $80 and the conductor $100. The brakeman receives the same as the fireman; switchmen are paid $30 and section men $20 in gold.

The Philadelphia and Reading has ordered from the Baldwin Locomotive works ten heavy freight locomotives. Traffic over the line is so heavy that the company has borrowed twenty locomotives from the Beech Creek Railroad company.

The Ohio Central shops at Toledo are in operation fifteen hours daily. Every locomotive and car owned by the company is constantly in service when not in the shops for repairs, and the extra work is necessary to keep the rolling stock up to the demand.

On December 1st the firemen on the Big Four lines will begin service under a new schedule. After several conferences with J. Q. Van Winkle, general superintendent, what had been considered as grievances by the firemen were satisfactorily adjusted.

H. Woehnker, F. A. Tagtmeyer and Herman Kaada, machinists; William Zimmerman and A. F. Reinking, boilermakers, who were working in the Wabash shops at Ashley a few days, have resumed their respective places in the company's shops in this city.

H. B. Black, who a few days ago retired as agent of the Big Four lines at Pana, Ill., was the oldest agent in time of service on the road, being appointed agent at Pana by the Indianapolis and St. Louis railroad company in 1861. He began service on the road in 1858.

Thomas Quinn, who has been the night operator at Arcola for several weeks, has been given a more important position on the Pennsylvania lines. Tonight he becomes the company's operator at Nevada, Ohio. The young man is a son of Bailiff Ed. Quinn, of the superior court.

Frank P. Higgins was at the throttle of the engine hauling the Pennsylvania limited this morning, a position he has not occupied for six or seven weeks. Mr. Higgins has recently returned from California, where he spent a month in quest of pleasure, and was very successful.

William Hulse, the well known machinist, is slowly recovering from a severe attack of typhoid pneumonia. He has been dangerously sick, but the crisis has been safely passed and his complete recovery is now assured. Mr. Hulse is employed in the Pittsburg machine shop.

The Pennsylvania company proposes to purchase a large track of land at Logansport, Ind., for yard purposes. The land has been appraised and overtures for the purchase will soon be made. The road is greatly in need of increased facilities for handling passenger trains and will secure the required room at Logansport.

Frank Vachon, of the Pittsburg boiler shop, was awakened last night by the vigorous barking of his dog. Arising and stepping out of doors, he saw perched upon his barn one of the largest owls he ever saw. Getting his gun, he shot the bird and was surprised to find that it measured seven feet and two inches from tip to tip of its wings. Mr. Vachon will send the owl to a taxidermist to have it dressed and mounted.

Millions Given Away.

It is certainly gratifying to the public to know of one concern in the land who are not afraid to be generous to the needy and suffering. The proprietors of Dr. King's New Discovery for Consumption, Coughs and Colds, have given away over ten million trial bottles of this great medicine; and have the satisfaction of knowing it has absolutely cured thousands of hopeless cases. Asthma, bronchitis, hoarseness and all diseases of the throat, chest and lungs are surely cured by it. Call on Dreier Bros., druggists, and get a trial bottle free. Regular size 50c and $1. ITS WEIGHT IN GOLD

A New Discovery Which is Worth That Much

To Anyone Afflicted With Piles!

The Pyramid Pile Cure, the new, painless remedy which has been so remarkably successful in curing every form of piles and rectal diseases, has recently been placed on sale at druggists and it is safe to say that when its extraordinary merit becomes fully known, there will be no such thing as surgical operations for the cure of this obstinate and common trouble.

Mrs. M. C. Hinkly, of 601 Mississippi street, Indianapolis, Ind., says: "I had been a terrible sufferer from piles for fifteen years and no remedies benefitted me, until I saw an advertisement of the Pyramid Pile Cure; I got a package, also a package of Pyramid Pills and used both according to directions. I was astonished at the immediate relief obtained and now I honestly believe the Pyramid to be the only certain cure for piles.

That you may realize how bad I was, I will say that I was confined to my bed and went before the college physicians here, who said my case was a new one to them and wanted seven or eight hundred dollars to undertake a cure; the great pain had brought on a rupture, and I knew an operation would be death to me on account of blood poisoning. Nearly every one here knows of my terrible suffering from piles, and I feel that I cannot praise the Pyramid Pile Cure enough, and the Pyramid Pills also. My husband will join me in highly recommending the Pyramid. My daughter was cured by one box only. For several years I weighed but about 90 pounds; now I weigh 150 and feel in perfect health.

This seems to be the universal testimony of every sufferer from piles who have ever tried the Pyramid; it is the safest, most painless pile cure yet discovered; contains no opiate, morphine, cocaine or any poisonous ingredient whatever, has a soothing, healing effect from the first application, and the moderate price places it within the reach of everyone needing treatment. The Pyramid Pile Cure is sold by druggists at 50 cents and $1 per package and the Pyramid Pills at 25 cents per box.

Send to Pyramid Co., Marshall, Mich., for free book on cause and cure of piles.

Grounds for Divorce.

She threw a flatiron at him and broke a window three feet to his right. "Spaniard!" he cried derisively. When she sued for divorce he tried to argue that the epithet was justified, but in view of the fact that she came within three feet of her target, the jury held it was not.—Chicago Post.

Harry J. Buell, an inventor who has brought out a number of bicycle attachments in this city, has struck a good thing at Marion, Ind., in a small but ingenious contrivance which adds to the utility of a wheel. Mr. Buell has disposed of a half interest in the invention for $1,500.

Miss Katherine Chapin has received an invitation to attend a social reunion of the present and former teachers and pupils of Bradford academy, Massachusetts. The event will be held at the Hotel Vendome, Boston, on Wednesday, December 7. Miss Chapin has not decided to accept, as yet, but may do so.

The Wayne Township Hunting association. organized for the purpose of opposing Sunday hunting and the trespassing on farmers' grounds, has already begun active work. Last Sunday four young men were caught southwest of the city and a committee handed them over to a constable, but through the intercession of the parents of the offenders no prosecutions followed. This kind of work, vigorously pushed for awhile, would probably lessen the violations and at the same do a kindness to the legitimate sportsmen.

Miss Edith Schell is visiting relatives in Columbia City.

Miss Libbie Felker, of West Jefferson street, is visiting in Ionia, Mich.

Mrs. August Siemon will entertain friends at a thimble party Thursday afternoon.

The Pacific club is one of the popular society organizations of the south side. The officers are: A. E. Mick, president; William F. Kirbach, treasurer; M. B. Johnson, secretary.

TWO PRETTY SCHOOLGIRLS.

Being Slowly Poisoned to Death by Coffee --A Mother's Story.

"Our daughter, Maud, gradually began to show more and more nervous trouble during her school days last spring, and it came to such a pass that she was not making the progress desired, and was so terribly nervous, that except by the utmost effort she could not sit still, or get her mind upon her work. One evening I asked her what in the world ailed her, and told her to put her lesson aside until morning,

MRS. NELLIE A. VOSBURG,
Indianolo, Iowa.

so that she could rest. She said, 'No, mother, I must get this lesson tonight and be up early to get another in the morning. I don't know why it is, but I have been falling behind my class for over six months, and I must work in order to graduate this spring. I believe I will go and make me a cup of strong coffee, that will brace me up.' So a good cup of coffee was made and Maud got through with her lessons at 11 o'clock.

"The next morning I heard a rattling at the stove about half-past four, and went down to find Maud there building a fire. She said she could not sleep and that she had to study, so she thought she would make some coffee as it helped her the night before. I went back to bed with a heavy heart, for there was a thought of danger creeping in. Step by step my mind went back over the last year, and the acts of our dear daughter during that time, passed before me like a panorama. She used to be so well and happy, but now she acted as if she was almost crazy with nervousness and a wreck of her former beautiful self. It dawned upon the mother's mind that Maud was fading away, and looking to God, I breathed a silent prayer to the dear Father to save my child.

"The next morning I started out to consult the family physician, but just at the door I met a neighbor's daughter on her way to school. A year ago this young lady had been confined to her bed for months with nervous prostration, and it was whispered about that if she lived she would be likely to lose her mind. Her parents sent her away to a village near by, and this was the first time I had seen her since her return. I saw that she was the picture of health, and I said, 'Why, Fannie Trayer, what have you been doing with yourself? I never saw such a change in my life.' She answered, 'Why, you know I finally found out that the coffee I was drinking was ruining me, and when I got out to auntie's she took the coffee away entirely and gave me Postum Cereal Food Coffee. That is the only thing I have had, and you can see what the result is. I am just as well as I can possibly be, and getting along beautifully with my school work.

"I was so deeply impressed with Fannie's experience, and her former condition tallied so closely with Maud's, that I abandoned my proposed trip to the physician's, and went instead to the grocer's and secured a package of Postum. That night Maud had Postum Food Coffee, instead of coffee and the next morning the dear child said she had slept and was very much refreshed. The effect was so instantaneous that I was very much surprised, and feared perhaps there might be some medicines in Postum, but I have since been assured that it contains no medicines whatever, but that on the contrary, it is made of pure cereals, so handled by skilled experts, in its manufacture, that the delicate small particles of phosphate of potash are retained in a natural state as found in certain parts of the cereals, and that this, together with the albumen in food goes quickly to work to rebuild the nervous system. Our daughter has been saved to us. She graduated with honor, and instead of the nervous wreck she was at one time, she is now the picture of bounding health.

REFINED OILS.

Purity and Quality of Greatest Importance.

Valuable Information for the Benefit of Dealers and Consumers of Kerosene Oil.

There is all the time more or less agitation for measures that will insure pure foods, but it is doubtful if the millions of consumers of refined petroleum or kerosene oil have ever given well defined attention to the subject of pure illuminating oil. The subjoined article that recently appeared in the "Ohio Merchant," publisned in Cleveland, is of such obvious interest to every dealer in and consumer of kerosene oil that THE SENTINEL is impelled to invite the attention of its readers to the practical and sensible observations therein set forth. The article follows: The current agitation relative to pure food, drugs, etc., recently led me to investigate as to what efforts, if any, had been made by petroleum refiners to secure for their patrons pure illuminating oils.

The fact is well known that the crude oils found in Ohio and Indiana contain sulphur to such an extent that they have a very offensive odor and are unfit for use except as fuel, unless the sulphur is almost entirely eliminated. In order to ascertain just what had been done in this direction some pertinent inquiries were made and the conclusion has been reached that whilst in this branch of manufacturing, as in others, everybody claims to be marketing pure oils, only a very few doing so, the majority are not. The cost of successful removal of sulphur is great inasmuch as special and additional appliances are needed and expensive reagents are necessary. These conditions, compelling employment of large capital and entailing largely increased cost of manufacture, are a very strong temptation, leading to claims for purity and excellence of quality regardless of truth. It is a safe course to pursue for a buyer or consumer of illuminating oils to closely examine into statements made as to purity and quality. This is particularly a wise precaution when the manufacturer of or dealer in any oils offered claims to sell what he styles "a fancy brand," and it is especially suggested that a claim for pure oils accompanied by an offer of a "cut price" "convicts itself on its face." An illuminating oil of the purity and excellence claimed is only secured at a largely increased expense.

If, therefore, the seller offers to dispose of such an oil at a price less than cost it is plain that he is either a philanthropist pure and simple, in business for the good of his fellow men, or else he is guilty of deceit and falsehood.

It is the wiser course to purchase oils made by manufacturers who possess everything needed in the way of processes and apparatus to purify their oils, and who have a reputation for fair dealing that renders their guarantee good as government bond. It seems to be true that a very large majority of the manufacturers do not know how much sulphur there is in the oils they are marketing and really do not care to know, whilst they are entirely willing at all times to offer guarantees that their oils are equal in every respect to the best in the market.

I find that this generous offer of guarantees accompanies every attempt to sell inferior oils, hence retail dealers should be on their guard against purchasing unless they know "the man behind the oil."

It is sometimes wise to have a guarantee of a proposed guarantor.

CURED OF

ITCHING RASH

I had an itching rash under my skin, which kept spreading until it was all over my body. I could not sleep but was compelled to lie awake and scratch all the time. AMERICA IS FEARED.

Prevents European Coalition Against Britain.

Germany Pronounced England's Arch Enemy.

The Emperor Scheming for Commercial Supremacy.

A Startling Review of the Political Situation by a Writer in the Contemporary Review.

LONDON, Nov. 29.—The Contemporary Review, just issued, contains a sensational anonymous article entitled "The Arch Enemy of England."

This is the German emperor. The writer alleges that the kaiser seized Kiao Chau by an agreement with Russia to prevent England getting it when called upon, Russia providing Germany with coaling stations elsewhere.

The writer declares the Kaiser had drawn a complete plan arranging for the naval superiority of France, Russia and Germany over England four years hence, when England is to be compelled to make humiliating terms throughout the world, leaving Germany the chief commercial colonial power.

All these plans have suddenly been thrown into confusion by the American Spanish war, and America and England drawing together.

The article, which is sure to attract attention for its extraordinary attack upon the queen's grandson, continues:

"The American people, with characteristic shrewdness, have detected this with resentment and hostility and are in no mood to put up with browbeating from any one. Considering that the Americans took no inconsiderable part in opening China and Japan to external influences, the only ground for surprise is that they have been so slow in manifesting interest in the situation in the far east, but now that the impulse has been supplied and an assertion of the claim to have a voice in it has been made, there will be no drawing back or hesitation in pushing matters to a conclusion.

"It is precisely in the far east that the action—the mere presence—of the United States is so disconcerting and disagreeable to the German emperor.

"It disarranges all his plans, deprives himself and allies of all ascendancy in China seas, which they have twice asserted for their own benefit and from them saw a long train of future advantages.

"Under such circumstances the continued proximity of American and German squadrons at Manila, aggravated by the demeanor of the German officers, is full of peril. The peril may pass off, but will do so by the withdrawal of Germany's pretensions.

"At this moment the question turns on whether the German emperor can induce Russia and France to join him in a demonstration of superior naval force to that possessed by the United States both in the Pacific and the Atlantic and the answer to that question largely depends on whether he and the czar of Russia between them can exercise sufficient personal pressure in England to induce our government, in return for some empty concessions in Africa, some easily broken promises to China, to hold its hand, to hesitate for the necessary moment while they enforce their will on the United States.

"This is to be the real peril to the creation of a real Anglo-Saxon alliance.

"From the very beginning of the crisis in the far east the English policy has done nothing but hesitate and give way; has allowed and assisted the creation of difficulties that never would have arisen if it had only stood firm at the beginning of the question.

"There now appears on the scene in a totally unexpected manner one ally, who could and would adjust the balance of power in the far east in our favor. It is obviously to our interest to support that power with all our strength and make every effort so that it shall not be discouraged and restrained on the threshold of the new and beneficial movement it is making toward a more active external policy."

JACK SHEEHAN AGAIN.

Accumulated Another "Jag" and Had no Money With Which to Settle.

Jack Sheehan put up for one drunk Sunday morning and was released. Prosperity was too much for him, however, and yesterday he loaded up with a top-heavy load of whisky and finally lay down on the court house steps to sleep. His condition was reported to the police station and Jack was arrested by Officer Romy. In police court this morning he pleaded guilty and showed the mayor a ticket to Columbia City. The mayor suspended sentence providing Sheehan would leave town at once.

Two train climbers arrested by the Pennsylvania detectives were sent to jail to serve fifteen days each.

THE SAN JUAN HILL.

Rough Riders Return to Find Gold, Not Spaniards.

WICHITA, Kas., Nov. 29.—Dr. J. W. Langford, of Arizona, and twelve of Roosevelt's rough riders have gone to San Juan hill to prospect for gold. In an interview here Dr. Langford says:

"Because of its pleasant climate I believe Cuba to be a better gold field than the Klondike. I think Cuba is one of the best prospecting countries in the world. I prospected in Alaska unsuccessfully. I expect to locate a claim on San Juan hill that a company will be able to work at a large profit.

"I am sure there is gold in paying quantities in the quartz rocks of the hill. Cuba in itself is a virgin country. It has the deepest and finest soil that I ever saw. The highest priced iron worked today comes from Cuba."

The Malodorous Esterhazy Coming to America.

PARIS, Nov. 29.—A dispatch from Brussels to the Journal reaffirms the report that Major Count Esterhazy has sailed for America. This dispatch asserts that he embarked at Rotterdam.

DU PUY IS HOPEFUL.

PARIS, Nov. 29.—The Figaro today publishes an interview with the premier, M. Du Puy, in the course of which he is quoted as saying:

"For twenty-eight years we have lived under a contradiction. The army and the democracy subsist side by side.

"The maintenance of the traditions of the army is a menace to liberty, yet they assure the safety of the country and its most sacred duties. In spite of everything I am confident that the vitality of the country will triumph over the present storm as it has in all the crises it has undergone."

CONSTANTINOPLE, Nov. 29.—The czar of Russia, replying to the sultan's telegram of November 26, urging the czar to abandon his intention of sending Prince George, of Greece, to Crete, as high commissioner of the powers, declares that the friendly sentiments of Russia towards Turkey are unchanged, and while Prince George is going to Crete as commissioner of the four powers, the sultan's rights of sovereignty will be safeguarded.

ASSOCIATED CHARITIES.

Regular Conference of Delegates Will be Held Thursday Afternoon.

The regular conference of delegates to the Associated Charities will be held at the city hall, Thursday afternoon, December 1st, at 3:30 sharp. Rev. L. L. Henson, pastor of the Baptist church, will speak upon the topic, "The Relation of Our Churches to Organized Charity." This promises to be one of the most interesting and important meetings of the year, and a cordial invitation is extended to all citizens. The presence of the ministers of the city is especially desired. Delegates to the conference are the persons appointed from the different societies and churches, and it is hoped that all these will attend.

Important Decision in Ohio Courts.

COLUMBUS, Ohio, Nov. 29.—The Ohio supreme court has affirmed the lower court's in the $8,000,000 Hocking Valley bond case against Judge Stevenson Burke. The decision gives the bondholders the right to continue the suit to collect on the bonds.

George Craw has received the welcome information that he will be granted a patent on December 13 for a bill file, on which there has been a controversy through the patent office the last six months or more. The decision gives him the assurance that was so much needed in the development of the industry and he will proceed to manufacture the device on a larger scale than ever. Mr. Craw was for a time connected with the Journal company. He purchased the invention of Hugh D. Studabaker, of Bluffton.

A very interesting meeting was held last evening at the Northside Baptist mission and the spirit manifested by the large number present indicated that a great blessing is in store for the people of the north side. Rev. L. L. Henson preached a strong sermon, pleading for greater activity among the Christian people, especially along the line of soul winning. Meetings will be held every evening this week and all are invited to come and enjoy these special services.

LOST IN THE STORM.

The Portland Went Down With All on Board.

Ninety-nine Persons Perish in Sight of Land.

Wrecked Sunday Morning Off Highland Light.

News of the Disaster is Confirmed—Thirty-four Bodies Have Been Recovered From the Surf.

BOSTON, Nov. 29.—A special to the Herald from North Truro says the steamer Portland, of the Boston and Portland Steamship company, plying between Boston and Portland, was totally wrecked at 10 o'clock Sunday morning off Highland Light, and the entire crew and passengers, numbering ninety-nine persons, perished within a short distance of land.

A large quantity of wreckage, including trunks and other material, has come ashore and at midnight last night thirty-four bodies had been recovered from the surf by the life saving crew at High Head station. One body was that of a woman.

The news of the disaster was brought to the Herald through the agency of a special train, as communication to Boston by wire from points on Cape Cod is impossible on account of the havoc wrought by the storm.

THE PASSENGER LIST.

Following is a partial list of the passengers said to be on board the Portland when she sailed from Boston Saturday night:

Kenniston, jr., Boothbay, Me.; Perry Jackson, wife and child, of South Portland, Me.; Fred Stevens, Portland; Mr. Pierce, Portland.

The passenger list given above numbers 51 and the officers and crew number 48.

The Portland was built in Bath in 1890 and was a side-wheel steamer of 1,317 tons net burden. Her length is 230 feet; beam 42 and depth 15 feet. She was valued at $250,000 and is fully insured.

LIST OF DISASTERS GROWS.

BOSTON, Mass., Nov. 29.—From reports that have come by wire, mail and messengers, to the Associated Press, from New England points, up to 10 o'clock this forenoon, it was difficult to estimate the total loss of life and damage to shipping along the coast, as the result of the storm. The list of disasters seem to grow every hour, and, from dispatches thus far received, it appears that at least thirty schooners have been wrecked at different points from Eastport, Me., to New Haven, Conn.; eighty-six schooners have been driven ashore, and fourteen barges, loaded or empty, are aground.

This list does not include the thirty vessels either wholly or partially wrecked in Boston harbor, nor half a dozen or more craft which are reported missing, including the Boston and Portland steamer Portland, nor the big Wilson line freighter Ohio, which is ashore on Spectacle island in this harbor; the steamer John J. Hill, which is ashore at Atlantic; the Merchants' and Miners' transportation steamer Fairfax, ashore on Sow and Pigs off Cuttyhunk, nor the small steamer George A. Chaffee, foundered at Rockport, Mass.

When these are added the aggregate list exceeds 170 vessels.

The loss of life is hard to determine. It is known that about forty persons perished in and about Boston harbor. Reports from other places, in some cases, state that the crew of this or that vessel escaped, many, however, state that the fate of the crew is unknown. Some survivors have turned up and life saving stations and in-coming vessels have brought a few sailors from wrecks.

Perhaps a score would cover those of whom nothing is known, not including the sixty-five or more who were on board the steamer Portland.

BRITISH STEAMER DISABLED.

NEW YORK, Nov. 29.—The British steamer County, Captain Tallach, which sailed from this port November 26th for London, put back today in distress with cargo shifted, loss of boats, bridge and other damage about decks, and listing heavily to starboard. The steamer Bovic, from Liverpool reports that at 3:08 p. m. yesterday, when out eight miles west of Nantucket she passed the Pollock Rip lightship No. 47, which broke her moorings during the recent storm. The lightship was under reefed fore and main sail and jib and was heading west by south. The Bovic hoisted signals inquiring if any assistance was needed, but the lightship only hoisted the American ensign in reply. She was apparently doing well and making good weather.

SHIPWRECKED CREW RESCUED.

PHILADELPHIA, Pa., Nov. 29.—The British steamer Mackinaw, Captain Stone, which passed in the Delaware breakwater at 7 o'clock this morning, signalled that she had the crew of a wrecked schooner on board. The captain of the Mackinaw reported to the marine exchange representative at Reedy Island station that he had on board the crew of six men of the schooner Maynard Summer, from Salem for New York. They were rescued seventy-five miles southeast of Montauk Point yesterday morning, the vessel being abandoned in a sinking condition. It is probable she has gone to the bottom off Nantucket Light by this time.

FOUR-MASTER ASHORE.

HALIFAX, N. S., Nov. 29.—An unknown four-masted vessel is ashore at Herring Cove, entrance to the Halifax harbor. One body has washed ashore. The vessel is fore and aft rigged. All on board have perished.

LONG ISLAND STORM-LOCKED.

NEW YORK, Nov. 29.—The main line of the Long Island railroad is still blocked between Mineola and Hicksville, L. I., a distance of about ten miles. Gangs of men and snow ploughs are working at both ends to break the blockade. No train has reached Greenport, the terminus of the main line, since Friday night. The railroad officials hope to resume the schedule on the main line by tomorrow at the latest.

The only branch of the road which is closed to traffic is the Wading River division.

UNION NOT BANKRUPT.

Statement From Cigarmakers' Union Setting Forth Facts.

Refutation of Dispatches Saying Union Was Bankrupt—Reasons Advanced For Insisting on Blue Label.

The following article has been published in the papers throughout the United States. The clipping is as follows:

Michael Raphael, of New York, business agent of the International Union of Cigarmakers, is soliciting financial support for the union, which he says will go to the wall unless aided. The trouble is attributed to fights with eastern firms and the introduction of girls into factories.

This is an untrue statement. In the first place Michael Raphael is not a business agent of the Cigarmakers' Internation union, and does not in any way represent said organization. That the statement is without foundation, the following from G. W. Perkins, president of the Cigarmakes' International union, will show:

CHICAGO, Ill., Nov. 22, 1898.

To the Officers and Members of Local Unions.

FELLOW CRAFTSMEN:—The monthly reports, on file in this office, of Nov. 1, 1898, show that the international union has not been in better financial condition in the past five years, or since the commencement of the depression, than it is at present. The per capita is now greater than it has been at any time since 1893. The dispatch or Associated Press item is extremely misleading. It says Mr. Raphael, of New York, is business agent of the Cigarmakers' International union; it also makes him say that the union "will go to the wall," unless financially aided, thus making it appear that the International union, as such, is in financial distress, which, as above stated and clearly shown, is at variance with the real facts.

Yours fraternally,
G. W. PERKINS,
International President.

The real facts will give the public a slight idea of the benefits paid by the union and the amount of good that may be accomplished by a combined effort by a large number of men of small income, while singly they could do nothing. The union has grown from yearly benefits expended of $88,606 in 1881 to $340,973 in 1897.

Should not a movement that is doing this kind of work receive the help and support of the citizens of Fort Wayne? If so, kindly see that the Blue Label is on the box when buying a cigar. The union-made cigar is the home production, and the smoker knows that his money stays at home, where he can have another chance at it.

CIGARMAKER, Union No. 37.

A. R. Hirons, of this city, has been appointed special agent of the Northwestern Life Insurance company, of Milwaukee, of which H. B. Hunt is general agent with headquarters in Fort Wayne. Mr. Hirons is short in statue but long in general good fellowship, and being a man of many friends he will no doubt make the fur fly. Mr. Hirons will begin his new duties in a few days and will work insurance all over northern Indiana.

PIONEER DEAD.

George Warner, of Perry Township, Called to Rest.

Lived in the Township More Than Half a Century—Death of Mrs. Mattie Lopshire—Funerals.

George Warner, a pioneer resident of Perry township, died of dropsy, Monday morning, after a prolonged illness. Deceased was seventy years and nine months old, and he had lived in Perry township fifty-five years. A wife, a daughter and several sons survive him. The daughter is Mrs. S. F. Bender, this city. The funeral will be held tomorrow at 10:30 a. m., from the Salem Reformed church at the Dutch settlement, Perry township.

LOPSHIRE.

Mrs. Mattie Lopshire died at Hope hospital yesterday afternoon, of consumption. Her age was thirty-nine years. The case is an extremely sad one. Not long ago her husband died, then she was taken ill and her four children were sent to the Allen County Orphan's home. Mrs. Lopshire was born in this county and relatives are expected today to arrange for the funeral.

HERBER.

Frank, the six-weeks-old son of Mr. and Mrs. Frank Herber, of 87 East Lewis street, died this morning from bowel trouble. The funeral will take place Thursday morning, at 9 o'clock, from St. Mary's Catholic church.

PARR.

Charles J. Parr, foreman of the car inspectors of the Lake Shore railroad, has received a telegram announcing the death of his son, Fred C. Parr, which occurred at Baltimore yesterday. Death was due to stomach trouble. The deceased was for several years a plumber for the Seavey Hardware company in this city, but he left here four years ago to take a position in the city where he died. The deceased had numerous friends who mourn his death. He was yet a young man, being only twenty-six years of age. The remains will leave Baltimore Wednesday morning for this city, and the funeral will be announced later.

JOHNSON.

Mrs. Anna C. Johnson, wife of William Johnson, died this morning at her home, 201 Lafayette street, of typhoid fever. The deceased was born in Germany and her age was thirty-three years, six months and nine days. The husband and two children survive. The children are aged fourteen and four years.

BENJAMIN M'INTOSH DEAD.

Word reaches THE SENTINEL this afternoon that Benjamin McIntosh died this forenoon at 10 o'clock at the home of his daughter in Maples. He was a well known citizen and his death will be learned with regret by a large circle of friends.

MUNICIPAL AFFAIRS.

Engineer C. S. Sunderland Relieved From Duty.

The Board of Works Transacted Routine Business at Monday's Meeting—Notes.

Engineer C. S. Sunderland, of engine house No. 1, has been relieved from duty by the board of public safety. Sunderland had charge of the new engine which was at work during the burning of the City Trucking company barn and, it is charged, allowed the water to run low in the boiler while the engine was working, the result being that the boiler was burned out. Sunderland was appointed only a few months ago to succeed Engineer Bill, who resigned. The board of safety meets tonight and will probably fill the vacancy.

BOARD OF WORKS.

A petition was presented to the board at its meeting yesterday afternoon asking that the alley between Webster and Ewing, from Lewis to Jefferson, be vacated. It is the purpose of the board to open McClellan street from Lewis to Jefferson, on the site of the alley. The residents of McClellan street are very anxious to have that thoroughfare opened.

A petition was presented by northsiders asking that Sherman street be opened from its present terminus on Fourth street, to High street. John H. W. Schaffer was the petitioner.

The board approved the assessment rolls for the paving of the alley between Brooklyn avenue and Baker street from Calhoun to Harrison.

NOTES.

The committee on streets, the city attorney and civil engineer will meet in the clerk's office tonight and discuss the resolutions for subways under the Pennsylvania and Wabash railways.

Moellering & Son have been granted a permit to erect a $3,000 brick addition to the factory of the Packard Organ company.

DRAFTING A TREATY

Peace Secretaries Proceed With the Work.

Will be Ready for Wednesday's Joint Session.

No Great Difficulty Will Attend the Labor.

Will Include the Terms of the Protocol, Cessions in America and Other Important Details.

PARIS, Nov. 29.—The secretaries of the two peace commissions, Messrs. Moore and Ojeda, began their joint task of formulating the articles of the peace treaty at 3 o'clock this afternoon, as directed by their respective commissions at yesterday's conference. This work will be easy and rapid as to the relinquishment and cessions referred to in the protocol, the terms of which document will be transferred bodily to the treaty.

The secretarys, moreover, will embody in tentative articles, for discussion on Wednesday, the subjects of the religious freedom of the Caroline islands, a naval station for the United States in the same group, cable landing rights at other points within Spain's jurisdiction, the release of the insurrectionist prisoners, and the revival of the treaties broken by the war.

DON'S MANIFESTO DELAYED.

MADRID, Nov. 29.—The Heraldo today publishes a dispatch which says:

"Don Carlos will not publish a manifesto until the ratification of the peace treaty by the chambers."

Continuing, the Heraldo expresses the belief that the Spanish government does not know the whereabouts of Don Jaime, the son of Don Carlos.

SPAIN CHARTERS TRANSPORTS.

BREMEN, Nov. 29.—The Compania trans-Atlantica has chartered the steamers Hapsburg, Fulda and Werra, belonging to the North German Lloyd steamship company, and will use them for the repatriation of the Spanish troops in Cuba in December.

MUST GIVE THEM UP.

First Case Under the Children's Guardian Law.

Four Children of Mr. and Mrs. Bernard Johnson Will be Taken Away From Them.

The first case in Allen county under the children's guardian law was this morning commenced in the circuit court.

The defendants in the case are Bernard and Hannah Johnson, who live on Holman street with their four children. That is, they are supposed to live with their children. There are four of the little ones, Oscar, aged ten years; Rose, aged eight years; Kate, aged four years, and Lillie, aged two years. Rev. H. P. Hannecker, president of the children's guardians, makes affidavit charging that the children are cruelly treated by the parents, who are constantly drunk and blasphemous, are guilty of low and gross debauchery and neglect and abandon their children who are in idle and vicious associations, which tends to their corruption and contamination.

Humane Officer Schlaudrauf investigated the case and reported to the board and the suit for possession of the little ones is the result. A writ was placed in the hands of the sheriff to be served on Mr. and Mrs. Johnson, who are ordered to appear in court December 9 and show cause why their children should not be taken from them. In the meantime the officers will take charge of the children and the three youngest will be placed in St. Vincent's hospital. The elder will be held a short time in the hopes of securing for him a permanent respectable home. A. H. Bittinger is attorney for the board of children's guardians and penned the complaint.

SHE IS OBDURATE.

Mary A. Gerhardt Refuses to Pay a Small Judgment.

Taken Into Court on Insanity Proceedings—Items of Interest in the Courts.

Mary A. Gerhardt is is a stubborn woman, and because she is such was in court this morning to be examined in insanity proceedings.

Some years ago Mrs. Gerhardt was declared to be of unsound mind and was taken to the Richmond asylum, where she remained until pronounced cured. She was afterward divorced from her husband. During an illness the lady was cared for by Mrs. A. T. Sturgeon. Mrs. Sturgeon died and her husband commenced suit for money which he claimed was due for board. Mrs. Gerhardt would not appear in the justice court and judgment was given against her. Again in the circuit court she failed to appear and Judge O'Rourke gave judgment for $41. This Mrs. Gerhardt refused to pay, although she has property and money worth more than $3,000. The sheriff could not get possession and finally the son, who has advised her to settle, commenced insanity proceedings. Judge O'Rourke took testimony as to her sanity this morning, but refused to find her of unsound mind. He ordered her to pay the judgment and should she fail to do so, may be again brought into court.

NOTES.

The case of J. H. A. Rabe vs. J. H. Rabe was settled by agreement this morning and Judge Dawson dismissed the jury which was to have heard the evidence.

Judge Dawson called a number of attorneys into court this afternoon and is setting cases for trial.

The case of Richards & Co. vs. the Kerr Murray company was dismissed by Judge Dawson this morning.

Marcus L. Johnson has commenced divorce proceedings against Ellen L. Johnson. J. E. Graham penned the complaint.

Sophia Kanning et al. has commenced partition proceedings against Louis Kanning et al.

The damage case of John Fleischman vs. John H. Bass, receiver of the Consolidated Street railway, will be called for trial at Columbia City next Thursday. The Leonards and Judge Ninde appear for plaintiff and Morris & Barrett for the receiver.

The papers in the case of Phillips vs. the Grand Rapids and Indiana railroad have been filed in the Huntington circuit court on a change of venue from Allen county.

Justice France heard the evidence in the cases against C. C. Eleste, the saloonkeeper at the Six-Mile house, and dismissed them.

Justice Huser fined Frank Shunk and John Schwob for trespass and hunting on the Sabbath.

The will of the late Lucinda Dunten, of Hunterton, was filed for probate today. She leaves everything of which she possessed to her relatives, there being fifteen items to the will. The instrument was dated November 21, 1898. Frank J. Dunten is named as executor.

A COLLISION.

Wagon Crashes Into a Carriage Having Two Occupants.

Mrs. Sevine Slightly Injured—Arthur Burns Had His Elbow Dislocated—The Accidents.

A team hauling a heavily loaded wagon yesterday afternoon started to run away on East Columbia street. At the corner of Lafayette the big wagon collided with a surrey in which Mr. and Mrs. Eugene Sovine were riding and wrecked it. Mrs. Sovine was slightly injured, but Mr. Sovine luckily escaped unhurt.

Arthur Burns, who is secretary of the Hod Carriers' union, fell and sustained a dislocation of the elbow. Dr. Crull was summoned to attend the injured man.

A domestic employed at the home of Attorney E. V. Harris, at 50 Hoestis avenue, fell down the cellar stairs yesterday and was seriously injured. Several ribs were fractured.

Miss Tillie Parrent, of Harlan, fell and sustained a bad fracture of the left arm yesterday. Dr. C. F. Swift, who attended, says the bones perforated the flesh and he had considerable difficulty in replacing them.

Queen Lil En Route to Washington.

ST. LOUIS, Mo., Nov. 29.—Ex-Queen Liliuokalani, of Hawaii, and suite, passed through this city today en route to Washington where she will lay before President McKinley her claims to 1,000,000 acres of Hawaiian lands. She will also submit a proposition offering to dispose of the property in question to the United States government for the sum of $6,000,000.

New President for Oberlin.

COLUMBUS, Ohio, Nov. 29.—A special to the Dispatch from Oberlin, Ohio, says the trustees of Oberlin college today elected John Henry Barrows, of Chicago, as president of that institution. It is understood he will accept and assume the position on January 4, 1899, when the winter term begins.

Miss Myrtle Maxwell has returned from a visit at Columbia City.

Uncle Sam Will Try to Bargain With Spain.

Seeks to Purchase One of the Caroline Group.

No Pressure Will be Brought to Bear to Get It.

Government Officially Notified of the Successful Termination of Peace Negotiations.

WASHINGTON, Nov. 29.—The government has been officially advised of the successful termination of the peace negotiations with Spain.

A cablegram to this effect which had been received from Chairman Day was read at today's cabinet meeting by the secretary of state.

By the terms of the treaty, which will be signed during the present week, Spain surrenders to the United States her sovereignty in the Philippine archipelago and Guam Island, one of the Ladrone group. In lieu of all claims to indemnity the United States will pay Spain the sum of $20,000,000 in gold or its equivalent.

Before returning to the United States our Paris commissioners will secure from the Spanish representatives, if possible, a proposition for the sale to the United States of Strong island, one of the Caroline group, some distance east and south of Luzon, for a cable station.

Should Spain, however, decline to sell the island for a reasonable sum the matter will be dropped for the present at least.

The possible cession of this island is not involved in the pending treaty, and no pressure will be brought to bear against Spain to part with it.

A large part of the time of today's cabinet meeting was consumed in the discussion of the new customs tariff which is to be put into operation in all parts of Cuba as soon as the United States takes formal possession.

THE WABASH SHOPS.

Report That They Will be Removed From Fort Wayne.

The Statement is Made by a Peru Newspaper, Which Urges That City to Try to Get Them.

The following from the Peru Journal of Monday evening is of vast interest to the people of Fort Wayne. Just how much foundation there is for the statements made in the Peru paper THE SENTINEL can not say. The article follows:

"Peru has the chance of gaining prominence that has never been dreamed of if the proper steps are only taken to improve opportunities and to prepare the way. If the city acts promptly and properly it may gain the removal of the extensive construction and repair shops from Fort Wayne to this city. The shops have been distributing $10,000 a month in Fort Wayne for years and it need take no argument to show the immense advantage the location of such an industry as that would be to the city. It would bring in a large number of very desirable new residents; they would fill up the vacant houses, take new ones that would have to be built, spend the $10,00 in wages a month among us, and in every way would make the most desirable addition to the city that could be chosen if we had the choice of the world.

"This has all seemed very far away in years past, but certain developments of the present show plainly to those who are informed that the Wabash railroad could be induced to change to Peru with very little effort on our part. There is a great abundance of suitable land at command and with the proper kind of an offer from our new business association the immense institution could be taken away from Fort Wayne without trouble. This is so evidently true for one reason, if not for another, that the Wabash would find it greatly advantageous to have its principal interests of the eastern division centralized in Peru. When Peru was first favored by the Wabash some years ago we had very little compared with what we have now. Additions were made gradually but surely in the intervening years until now, as every-one knows, we have everything of any consequence but the shops at Fort Wayne. The question now is, 'Why should we not get the shops for Peru?' The Wabash is ready, willing, and it may be said even anxious that we should have them. This is the time for action."

Master Mechanic Doebler is not in the city today and when THE SENTINEL sought information at the Wabash offices no one there knew anything about the foregoing statements of the Peru paper or what foundation there was for them.

SPAIN had to give in or give out. Sagasta chose the wiser course.

THE state department will now busy itself trying to arrange a treaty with the senate that the treaty with Spain may be approved.

THE announcement is a trifle late, but the public will be none the less interested to know that the annual jacking-up of the price of coal is about to be inaugurated.

IT WILL be no credit to the republicans of Indiana to turn to inexperienced boys for senatorial timber when a brainy, cultured, experienced, statesmanlike man such as Judge R. S. Taylor may be sent to the upper house of congress.

THE hoodoo that possessed the battleship Texas until the war began seems to have perched on the recently launched battleship Wisconsin. After taking her maiden plunge, last Saturday, the Wisconsin rammed her nose into the mud and pulled her keel in after her, and there she is stuck waiting to be dredged out.

THERE is something wrong in the society or in the courts or in both in Elkhart county, where at the last term of court there were sixty-six divorce cases on the docket for action. More than half of them were granted, some were dismissed and a large number continued. Elkhart county has about half the population of Allen county, but is grinding out divorces faster than both the Allen county courts.

WITH Americans (that is whites), and more Americans (that is Indians), Ethiopians, Chinese, Cubans, Porto Ricans, Kanakas, Filipinos and various mongrel mixtures of Malays found here and there in our new far Pacific possessions, we may claim without boasting to have a great and interesting citizenship in this great and interesting country. There are other varieties on the earth which will either come to us or be sent for when needed.

THE agitation for reform in county and township government is praiseworthy, but it should be understood that no intelligent and practicable enactments of the sort necessary are possible in the short time that constitutes a legislative session in Indiana. There is too much business that has to do with corporations, politics and the like, that politicians will not consent to shelve, to permit the arrangement and discussion of county reforms. It might be well to appoint a commission to prepare a scheme of reforms for presentation to the legislature to be selected two years hence.

IT is fast coming to the period of great international trusts which have been for some years predicted by many political economists. It is announced from abroad that a full understanding has been reached by the government of Russia and the Standard Oil company whereby Baku and the American combination will be able to exercise world-wide control of the petroleum market. The Russian oil interests furnished the only competitor the Standard has ever had for the world's markets. If the two have combined, it is of economic importance to the entire civilized world.

THERE is not now much left of Spain but Spain. The peninsular kingdom, the Balearics in the Mediterranean, the Canaries in the Atlantic, and the Carolines and the Ladrones in the Pacific are all that remains of the mightiest empire the world has ever seen. Spain's colonial possessions once comprised the greater part of the western hemisphere. Today she has no colonies, for the islands mentioned are small and unimportant—mere possessions, not colonies. They are fit only for naval or coaling stations and useless to Spain for those purposes, because she now has neither navy nor merchant marine. The war with the United States has stripped her of the Philippines, Cuba and Porto Rico, all wealthy and productive. Spain must rehabilitate herself as a power from the resources within the peninsular kingdom. With reform of home government, reconstruction of her financial system and an effort to develop the kingdom, there would no doubt be the birth of a new and modern national spirit in Spain; a spirit that would catch its inspiration from nineteenth century atmosphere, instead of drawing it from the dead air of centuries long gone. Spain needs new blood, the more aggressive genius of hardier peoples, and these will come to her for the development of the country, if she tries not to rise upon the silly pride which has already caused her fall.

SPAIN PROSTRATE.

Spain has accepted the terms submitted by the United States peace commissioners and the Philippines have been ceded or sold, as you choose to regard it, to this country. Acceptance of the American demands marks the passing of Spain as a colonial power.

It is not the nature of the apathetic Spanish character to fully apprehend at once all that has taken place within the past half year. The march of events has been too rapid. Spain is still dreaming—troubled dreams, of course—and is not yet awakened to realization that her history for six months and more has been a swiftly flying series of magnificent disasters, of crushing humiliations.

The battleship Maine was blown up February 15 in Havana harbor. Before Spain had had time to understand the pitch to which the American people had been wrought by this appalling treachery, the abandonment of Cuba was forced upon her as the only alternative of war. Within the week beginning April 20th, the president was authorized to intervene with force in Cuba, blockade of Cuba was proclaimed, volunteer soldiers were called for and war declared.

Another week had not passed when the hypnotic spell upon Spain was deepened by the news of Montejo's defeat and the annihilation of his squadron by Dewey in Manila bay. Then within two months came the dramatic destruction of Cervera's fleet and the fall of Santiago. This was followed by the rapid conquest of Porto Rico and then the fall of Manila itself.

Spain's armies have been routed, her navy is settling into the ooze of the sea-bottom and in the colonies over which her flag for centuries has floated her power is crushed and her title extinct. All that remains of Spain is Spain—a crumbling monarchy resting on a purblind pride that has itself been ruin.

TO PORTO RICO.

August Bowser Will Seek Investment There.

He Will Leave In a Few Days for New York and Will Sail for San Juan the Middle of December.

August Bowser, who recently sold his interest in the S. F. Bowser Manufacturing company, will leave in a few days for New York and about the middle of December he will sail for San Juan, Porto Rico. Mr. Bowser is the first citizen of Fort Wayne to leave for that country for the purpose of placing capital. He is not certain that he will acquire interests there but if several inducements held out to him are as promising as they seem to be he will very likely take hold. He has in view some coffee interests. Mr. Bowser will be gone at least several months.

SURE TO BE CONVICTED.

Police Confident That Bank Forger Becker Will Get a Sentence.

SAN FRANCISCO, Nov. 22.—The police are now confident that Charles Becker, the bank forger, will be convicted at his third trial for forging a $22,000 draft on the Nevada bank. James Creegan, who was convicted with Becker on the first trial, has turned against Becker and told the full story of the crime.

His confession is being kept secret, but his testimony, added to that of Frank Deane, who turned state's evidence when the trio were arrested, and on whose testimony Becker and Creegan were once convicted, is expected to insure the conviction of Becker.

WILL MARRY AGAIN.

Widow of P. T. Barnum Negotiating for Her Third Husband.

BRIDGEPORT, Conn., Nov. 22.—It is stated that the widow of P. T. Barnum is about to marry a French nobleman in Paris. The great showman's widow took for her second husband, Demetrius Callias Bey, a Greek, who died in September 1896, in Constantinople, after a wedded life of a year. Madame Callias has been in Paris for more than two years.

Oliver Hubler, formerly a well known resident of Warsaw, was killed at Benton Harbor, Mich., by being struck by a train.

North Manchester wants a wood inspector whose duty it shall be to see that when a cord of wood is paid for in that town a cord of wood shall be delivered.

Montpelier is trying to breathe the breath of life into herself again and the board of trade is making lively efforts to locate a number of new manufactories.

Churubusco is having a bad time to establish a water supply for her water works system. Three wells have already been sunk at an expense of $1,200 and no water has yet been found.

Steam was turned on a boiler in the Pittsburg plate-glass plant, at Kokomo, not knowing that Matthew Drinkater was engaged in cleaning the flues, and he was horribly scalded before he could be dragged out.

The two-year-old daughter of Mr. and Mrs. William Dawson, living near Plymouth, was fatally scalded by falling into a kettle of boiling water around which she was playing. The little one's mother was within a few feet when the accident occurred.

The German Lutheran church building in Huntington was damaged to the extent of $5,000 by fire Sunday. The large pipe organ was ruined. The fire was discovered between the ceiling and the roof shortly after the close of the afternoon services.

The gas supply failed so rapidly at Wabash that all manufacturing concerns were cut off, and the secretary of the Logansport and Wabash Valley Gas company stated that the draft on the wells had reduced the pressure so that it was impossible to supply factories in pipe-line cities in cold weather.

Investigating Philippine Agriculture.

BERKELEY, Cal., Nov. 22.—Lieutenant H. A. Hanin, an instructor in the agricultural department of the University of California, now stationed with one of the California regiments at Manila, has been detailed to conduct an official investigation into the agricultural resources of the Philippines and to make a report of the results to Washington.

Tidal Wave Inundates Trieste.

VIENNA, Nov. 22.—Trieste and the district round about was flooded on Sunday by a tremendous tidal wave, which did much damage to property and shipping and caused the loss of many lives. There was a violent earthquake throughout the southern provinces of Austria. From various causes no fewer than twenty-eight lives, it is reported, were lost.

Newlands After Stewart's Seat.

SAN FRANCISCO, Cal., Nov. 22.—A special to the Examiner from Virginia City, Nev., states that W. E. Sharon has announced that Congressman Frank G. Newlands will be a candidate for United States senator to succeed William M. Stewart.

GOING TO INDIA.

Miss Margaret Carver to Go to a Foreign Mission.

Former Fort Wayne Young Lady Pays a Farewell Visit to Her Friends Before Her Departure.

Miss Margaret Carver, of Delaware, Ohio, arrived in the city this morning to be the guest of her sister, Mrs. G. W. Lahr, of 264 West Wayne street, and while there she will meet many friends and acquaintances of former days when she made this city her home.

Miss Carver has studiously devoted her time during the past three years to the missionary cause with a view of engaging in mission work as a life occupation. Having thoroughly prepared herself she applied to the National Committee on Foreign Missions of the Methodist church for an appointment, which was given her very recently. She has been detailed to go to India where she will labor among the heathen for an indefinite time.

Miss Carver is a daughter of J. F. Carver, who at one time conducted a hardware business on East Columbia street. She is a sister of Walter Carver, who has often sung in the Fort Wayne public. Her visit in this city will be brief.

AT THE TEMPLE.

Charles Coghlan in "The Royal Box," Wednesday Evening.

At the Temple theater, Wednesday evening, Charles Coghlan, one of the best actors in this country, will present for the first time in this city, his great success, "The Royal Box," which achieved a dramatic triumph at the Fifth avenue theater last season and enjoyed a run of 100 performances.

"The Royal Box" is said to be a strong romantic drama adapted by Charles Coghlan from Dumas' "Kean," thrilling in dramatic interest, strong in situation, most delightful in characterizations, introducing prominent personages—royalty, diplomats and actors during the time the Prince of Wales was a patron of the theaters.

Charles Coghlan, in the role of Clarence, the actor, gives, it is claimed, a finished and brilliant piece of artistic acting. The production is said to be thoroughly finished in every detail. The scenes are reproductions of historical models furnished by Henry Baines, the English artist. The first is a reception of the Swedish embassy. The actor's lodgings, the public room at the Cat and Fiddle and the stage of the Drury Lane theater are the features.

The sale of seats is now in progress at the box office for this engagement.

HOWE SCHOOL.

Important Meeting Held at the Office of Hon. T. E. Ellison Yesterday.

The trustees of Howe school, of Lima, Ind., (formerly Howe Military school) met at the office of Hon. T. E. Ellison yesterday afternoon for organization and the regular transaction of business. The board organized as follows:

President—Bishop John Hazen White.

Secretary — William W. Hammond.

Treasurer—Charles G. Nichols.

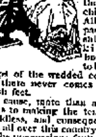

The others of the old board of trustees who hold over are the Hon. T. E. Ellison, of this city, and the Hon. Aquilla Jones, of Indianapolis. Three new trustees were elected as follows: Dr. Clarence A. Blake, of Boston; Hon. Percy C. Dwight, of Indianapolis, and Charles Gnuthee, of Chicago.

One of the most important matters up for the consideration and action of the board was the transfer of the property upon which Howe school stands, and which has formerly belonged to the Episcopal diocese of Indiana, to the new corporation which is known as the Howe school.

Will Return Hooley's Contribution.

LONDON, Nov. 22.—The Carlton club has offered to return to the Hooley estate the 10,000 pounds which Ernest Hooley, the bankrupt, contributed some time ago, through the club, to the funds of the conservative party.

It is to be regretted that two sterling attractions, such as the Sherwood Concert company and Messrs. Evans and Miles are, fall upon the same date. The concert is to be given under the auspices of the Woman's Club league, in the regular course and the recital of Mr. Evans and Mr. Miles is announced for the same evening at the Temple. The date of one of the attractions will probably changed.

In the heart of every man and in the soul of every woman there is a vacuum that can only be filled by a child. In America there are too many childless homes. All the love and passion of courtship and all the kisses of the honeymoon turn to bitter dust upon the lips of the wedded couple to whose home there never comes the patter of childish feet.

One cause, more than any other, contributes to making the tens of thousands of childless, and consequently unhappy, homes all over this country. The cause is often the unconscious fault of the wife. A woman who suffers from weakness and disease of the distinctly feminine organism is unfitted for motherhood, and if she has children it will probably be at the sacrifice of her own life. Dr. Pierce's Favorite Prescription is a wonderful medicine for women who suffer in this way. It acts directly on the delicate and important organs concerned in wifehood and motherhood. It makes them strong, healthy, vigorous, virile and elastic. It banishes the squeamishness of the expectant period and makes baby's advent easy and almost painless. It insures the little new-comer's health and a bountiful supply of nourishment. Thousands of homes that were childless and unhappy now echo with the prattle of healthy babyhood, as the result of the use of this marvelous medicine.

"When I began taking Dr. Pierce's medicines I was very sick," writes Mrs. R. D. Moore, of Schuyler, Colfax Co., Nebr., (Box 123). "I could not keep anything on my stomach, and kept getting worse. My husband got me two bottles of Dr. Pierce's Golden Medical Discovery, two of his 'Favorite Prescription' and four of his 'Pleasant Pellets.' (At this time I had been pregnant about two months.) I began taking the medicines, and in less than a week I could eat anything. The 'Favorite Prescription' is the best medicine in the world for prospective mothers. My health is better now than it has been for twelve years. My little girl is now six months old and is well and healthy. I do not think I should have had my baby if we had not obtained something to build up my system and strengthen me."

Twenty-one one-cent stamps cover the mailing of a paper-covered copy of Doctor Pierce's Common Sense Medical Adviser. Cloth-bound, 31 stamps. Send to Dr. R. V. Pierce, Buffalo, N. Y.

MAKING HASTE SLOWLY.

The Iniquitous Husband Plays a Mean Trick on His Wife.

"My wife never appears to be happy," said Dodson wearily, "unless she has some sort of a fad. Just at present it is Emerson. One of the innumerable clubs that she belongs to has started on a course of study along the line of that impenetrable mystery, and my wife has taken it up with an enthusiasm worthy of a better cause.

"She has made it a sort of religion to read one hour every night from Emerson's essays, and I wouldn't object to that if she would keep quiet, but just as soon as I get interested in a political article she breaks in, and, with her face glowing with enthusiasm, insists on reading an extract from Emerson that she calls simply sublime. Then I am obliged to listen to a long seesaw of big words that would sound just the same if they were read backward, and then when I ask what it is all about she flares up and says that I have no appreciation of the inner soul of a superior intelligence—whatever that may mean.

"I picked up the book the other day and chanced to notice that my wife had carefully marked the place where she had left off the night before with a hairpin. An idea occurred to me, and I set the hairpin back 20 pages, which is her usual limit at one time.

"The next evening she started in where I had placed the hairpin and read through to where she had left off the evening before without noticing that she was going over old ground.

"I have kept it up now for two weeks, and she is still reading the same 20 pages, totally unconscious that she is reading the same thing over and over.

"I am really growing interested in the matter. I notice that now and then she examines the remaining pages rather anxiously, as if she realizes that she is not making the progress that she ought.

"She has now become so anxious to get through, so that she will be able to say that she has read Emerson, that she no longer bothers me with extracts, and I can read my paper in peace.

"Meanwhile I simply chuckle to myself and take care that the hairpin is set back 20 pages every day."—Detroit Free Press.

An Economical Move.

Mr. Spriggs—My dear, it won't be necessary for you to go to the auction at Mr. Sellout's tomorrow.

Mrs. Spriggs—There may be two or three things there that I want, and, besides, I enjoy going to auctions.

"There won't be any auction there."

"Why not?"

"I stopped in today and bought everything he had at private sale."

"Everything? Private sale? Are you crazy? What in the world did you that that for?"

"Because I didn't want you to go tomorrow and pay three or four prices for everything."—New York Weekly.

LIGHTNING MAIL SERVICE.

Major Stewart Quickly Established Eighty Postoffices in Porto Rico.

Among the passengers who came up from Porto Rico to New York on the transport Manitoba was Major Stewart of the Second Illinois, who was sent down with six assistants to establish a postal service in Porto Rico. Major Stewart has been away two months, and he said recently that he had a system now working in Porto Rico that was very satisfactory. He took down with him 60 clerks from the United States, and nearly all have been left in charge of postoffices.

"Four hours after a town was captured," said the major, "we would have a postoffice opened and running like clockwork, with a money order and registered letter department included. After awhile we went in advance of the army and opened postoffices in the interior before the troops had occupied the country. In some towns we have put natives in charge of the offices, and they have proved very satisfactory. The climate will make it hard for the American clerks, and most of them desire to return. I believe that in time we can leave natives in charge of even the most important offices. There are now about 80 offices running with the same system as we have in the United States."—New York Sun.

WOMAN BESTS SCIENTISTS.

She Makes Important Psychological Discovery at Cornell.

Professor E. B. Titchener of the psychological department of Cornell recently announced to his classes that a new and important psychological discovery had been made in the laboratories at Cornell. The relation between "intensity of stimulus" and "intensity of sensation" of sense of smell has been demonstrated to be exponent between 1-3 and 1-4.

This is a new feature of "Weber's law," of which, until the experiments at Cornell were completed, nothing definite was known. To determine this experiments have been carried on at Cornell for three years. Dr. Titchener was assisted in his work by Miss E. A. Gamble, now an instructor in Wellesley. She was graduated from Cornell last June, taking a degree of Ph. D., and it was due to her efforts more than to Dr. Titchener's that the successful result was reached. Fourteen different persons and 30 different substances were experimented upon.—New York Press.

OIL FOR ROADS.

Messrs. Peters and Pape Find Something New in Highways.

While at the Good Roads Convention They Are Shown How Missouri Roads Are to be Repaired.

Messrs. J. C. Peters and Charles Pape attended a good roads convention at St. Louis last week, and while there they were treated to a genuine surprise in road making.

"I never heard of a road being improved by pouring oil over it until I attended that convention," said Mr. Peters. "And," he continued, "if the test in Missouri proves a success roads are apt to be improved by this method in other states. A highway treated with oil is first graded and put in as good a shape as possible; then crude oil is poured over it and allowed to saturate into the earth while it is yet soft. As the ground hardens a smooth, durable surface is the result; and when it rains the water runs off the road as quickly as it would from a duck's back. It is never muddy, and consequently does not fill with ruts. From all appearances the oil road is a good thing for Missouri, as the soil is adapted to absorb and retain the oil a long time, whereas some soils would keep so much of the fluid on the surface as to make it not only impracticable but very disagreeable for travel and to the nostrils, as well as dangerous in case of fire."

MIKE WALSH'S HAT.

The Genial Assessor Now the Owner of a Lady's Pretty Hat.

Assessor M. V. Walsh is being ogled since Sunday by many of Fort Wayne's young lassies and by some of the older ones, too. During the St. Mary's church fair at Huntington last week numbers were given with each admission ticket and when the prizes were awarded Saturday evening Mr. Walsh was the recipient of a lady's hat. And now Mike doesn't know what to do with it. He has floated along the stream of life for more than half a century without taking unto himself a better half and can not now understand why fate should decree that above all things he should be the owner of a lady's hat. A conference of Mike's friends will probably be held at which time it will be determined what disposition to make of the headgear if the genial assessor won't wear it himself. Among the other Fort Wayne people awarded prizes were: Will O'Brien, a barrel of flour; Mr. Bachus, dinner set; Rev. Father Delany, sick call case. The fair netted the church more than $2,100 and Fort Wayne friends will be pleased to know that Father Quinlan has demonstrated his popularity with citizens of Huntington.

NOTED SCHOLAR.

Dr. G. V. Black, of Chicago, Will Address Dentists.

Meeting at the Wayne Hotel and Friends are Invited—Visitor a Dean in Northwestern University.

Under the auspices of the Isaac Knapp Dental Coterie, Dr. G. V. Black, of Chicago, will this evening address the coterie and its friends on a subject of general interest to the profession. Dr. Black is eminently known as a scholar and scientist. At present he is dean of the dental department of the Northwestern university and he holds a professorship in the branches of bacteriology and pathology. In his lecture he will use a stereopticon to illustrate his subject.

The local dental society has several times in the past brought noted speakers to the city and it will continue to do so in the future. The Isaac Knapp Dental coterie has done a great deal to elevate the profession to a high plane, progressive and up to date.

Among the guests at the Randall: Amos J. Mitchell, Findlay, Ohio; C. A. Lucas, Indianapolis; Lem Bazen, Warsaw; W. H. Bork, Toledo; T. C. Read, Detroit.

SINGULAR STATEMENT.

From Mrs. Rank to Mrs. Pinkham.

The following letter to Mrs. Pinkham from Mrs. M. RANK, No. 2,354 East Susquehanna Ave., Philadelphia, Pa., is a remarkable statement of relief from utter discouragement. She says:

"I never can find words with which to thank you for what Lydia E. Pinkham's Vegetable Compound has done for me.

"Some years ago I had womb trouble and doctored for a long time, not seeing any improvement. At times I would feel well enough, and other times was miserable. So it went on until last October, I felt something terrible creeping over me, I knew not what, but kept getting worse. I can hardly explain my feelings at that time. I was so depressed in spirits that I did not wish to live, although I had everything to live for. Had hysteria, was very nervous; could not sleep and was not safe to be left alone.

"Indeed, I thought I would lose my mind. No one knows what I endured.

"I continued this way until the last of February, when I saw in a paper a testimonial of a lady whose case was similar to mine, and who had been cured by Lydia E. Pinkham's Vegetable Compound. I determined to try it, and felt better after the first dose. I continued taking it, and to-day am a well woman, and can say from my heart, 'Thank God for such a medicine.'"

Mrs. Pinkham invites all suffering women to write to her at Lynn, Mass., for advice. All such letters are seen and answered by women only.

The Right Way to Buy An Overcoat

is first to find a reliable place to purchase it, a place that you've got faith in, a place where you can get satisfaction or get your money back if you want it—that place is our store. Now, as to the garment itself: You don't want a back number, you don't want an ordinary common-place dry goods or bargain store overcoat that smacks of by-gone times. On the contrary, you want a coat that's UP-TO-DATE, a coat that's made of new, substantial and fashionable fabrics—the custom made kind—cut to special order and made in this season's styles for this season's wear—fine custom tailor work at one-half custom tailor prices—and that's

The Kind of Overcoat You Can Buy of Us.

$10 We've got coats for less money than $10, and good ones, too, but at $10 we're selling stylish Beaver cloths of the most approved cut. Also fine Meltons with satin sleeve linings and all the details that go to make up the ordinary $20 coat at the custom tailors.

$15 Superior Meltons, fine Kerseys and Beavers, as well as other fabrics of this class, are found in the Overcoats we are selling at $15. The natty appearance of these coats will not only please you, the workmanship surprise you, and the price delight you, but you'll have a garment that we're proud to sell you and you'll be proud to wear.

$18 At $18 you can take your choice from some of the finest fabrics in vogue this Fall—imported English Cheviots, Kerseys, Whipcords, and other superior fabrics that you don't find at ordinary stores. We select the goods and they're made up to our special order; that's why we know what we are talking about when we say they are the best coats you can buy for $18.

STEEL RAIL DEAL.

Five Chicago Lines Place Immense Orders.

The Transaction Involves a Sum of $3,240,000—Tom O'Rourke Goes to Philadelphia.

CHICAGO, Nov. 29.—Five railroads centering in this city, Illinois Central, Chicago and Northwestern, Chicago, Milwaukee and St. Paul, Chicago, Rock Island and Pacific, and Chicago, Burlington and Quincy have placed large orders with the Federal Steel company for new rails. The material will be manufactured by the Illinois Steel company, one of the concerns in the new Federal company. Millions of dollars are involved in the deal. The aggregate of three of the contracts, which have been definitely figured up, is $3,240,000. The rails are to be used for extension and repairs.

The material will be put in place next summer. The amounts of the orders which have been ascertained are as follows:

Chicago and Northwestern, 75,000 tons.

Illinois Central, 50,000 tons.

St. Paul, 55,000 tons.

The Illinois Steel company also has an order, on which it is now working, for 500 tons of rail for a railroad eighteen miles long, to be built in Hawaii.

Opposed to the Appointment.

H. O. Havemeyer, of New York, who represents a big block of the stock of the Toledo, St. Louis and Kansas City (Clover Leaf), is said to be opposed to the appointment of Samuel Hunt as receiver of that road. He has no personal objections to Mr. Hunt, but believes that a man more familiar with the affairs of the company should fill the position. It is possible that a co-receiver will be appointed, which arrangement is said to be agreeable to Mr. Havemeyer, providing he is accorded the privilege of naming the man. In commenting upon this matter the Toledo Commercial says: "None of the officials of the road in this city appear to know anything about the matter other than that Mr. Havemeyer was in Toledo making inquiries. It is generally understood that a co-receiver will be asked for, and it is the opinion that the request will be granted."

Discharging Men.

The Vanderbilts have commenced a system of retrenchment which threatens to oust 5,000 men their jobs. The plan of operation includes consolidation of the shops, and at Buffalo last week 200 men were thrown out of employment by the shops being transferred and consolidated with those at Depew. At all other points between New York and Chicago the company is gradually laying off men wherever practicable. This move has placed every employe on the "ragged edge," and his anxiety will not abate until he is assured the decapitating axe has ceased to work. Ten or twelve years ago the Vanderbilts made a similar reduction in its force, but all the discharged men were reinstated before three months had lapsed. For the first time in years the fall reduction in the operating departments of roads in the Central Traffic association and the trunk lines has not been made, except in this one instance. In fact, in regular train service and in yards at terminals, more men are now in service than in any November in the history of most of the lines.

Watchmen on Country Road Railway Crossings.

According to a decision of the courts, boards of county commissioners have the power to order railway companies to place flagmen, or watchmen, at dangerous crossings on highways outside of the towns and cities. In the majority of cases such a precaution is unnecessary, but there are a few crossings where safety to the public seems to demand it. The Nickel Plate has a watchman at the crossing of the New Haven pike and the railroad, two miles east of the city. This is necessary because the view is obstructed by a hill and the driver of a team going east cannot see a train approaching from that direction until it is nearly at the crossing.

Fireman's Brotherhood.

A. G. Porter lodge, No. 141, Brotherhood of Locomotive Firemen, has adopted a plan which they expect to result in a big addition to the membership list. Up to April all applicants will be taken in the lodge without being assessed the usual initiation fee, and the officers hope to double the membership before the expiration of that time. Last evening the order initiated several members and took action upon several other applications.

Eastbound Shipments.

Eastbound shipments of flour, grain and provisions last week amounted to 90,872 tons, against 92,508 tons for the preceding week. Last week's figures, however, include only five days' business. The percentage carried by each road was as follows: Baltimore and Ohio, 12.3; Big Four, 2.9; Erie, 10.7; Grand Trunk, 7.6; Lake Shore, 11.2; Michigan Central, 13.3; Nickel Plate, 10.1; Panhandle, 8.4; Fort Wayne, 17; Wabash, 6.5.

The New Limited.

The Pennsylvania company is sending its limited cars through the shops, remodeling and repainting them. The first train so treated passed through this city this morning. The only change in the appearance of the exterior of the cars is in the border strips, which is now painted red and bears the word "Pennsylvania Limited," in gold letters. In the interior the greatest change is in the smoker, which is now finished with solid mahogany, similar in elegance to other cars in the train.

Tom O'Rourke's Appointment.

Thomas O'Rourke, son of Judge Edward O'Rourke, has received and has accepted a flattering offer from Philadelphia, for which city he will leave tonight. He will be assistant superintendent of a large electric light plant, a position he is eminently qualified to fill. Mr. O'Rourke has been employed in the electric works in this city for the past fifteen months, and during his service there passed through what is termed "the student's course," which is intended to prepare men for positions such as the one Mr. O'Rourke is about to assume.

Station Agents Fight Burglars.

DETROIT, Nov. 29.—A special to the News from Grand Rapids says:

"Isaac Schultes, Grand Rapids and Indiana station agent at Martin, and his assistant, Marshall Wickes, had a wild west battle with two robbers in the depot today. Wickes and one of the burglars were wounded.

"The robbers had blown upon the depot safe. A burglar alarm ran from the depot to Schultes house and when the robbers began work, Schultes and Wickes appeared, armed with Winchesters, and ordered the bandits to throw up their hands. Instead, they opened fire and a fusilade of shots were exchanged.

"Wickes fell badly wounded, but will recover. One of the robbers was shot in the leg, but both escaped. The unwounded man stole a horse from a farmer's barn, and rode toward Grand Rapids.

"When his horse became exhausted he stole another. It is reported he has been captured near Wayland. The wounded robber is surrounded in a swamp."

"LATER.—Both the Martin robbers were easily captured later; one of them at Gunn Lake, the other at Wayland. Both were tracked through the snow by posses of citizens."

Warehouse Man Hurt.

A. C. Parrish, an employe in the Wabash warehouse, was severely injured this morning. While working with other men in transferring freight to and from cars, he had his left foot caught between a hand truck and the brick wall of the building, spraining the ankle and bruising the flesh most painfully. The accident will lay Mr. Parrish up for at least two or three weeks.

A New Manufacturing Firm.

O. H. Larwill and Edward Beldin have entered into copartnership for the purpose of engaging in the manufacture of electrical supplies and have bought the Eckert building near the Lake Shore road, in Bloomingdale. They propose to equip that building with all the necessary machinery and expect to be in full operation inside of ninety days. Mr. Larwill, who was seen by a SENTINEL reporter this morning, said that all the details had not been arranged, and it was impossible for him to state the number of men the firm would employ, but they expect to engage a large force. Most of them will be skilled mechanics and will command good salaries. Mr. Beldin is an expert electrician, having had a vast experience in that way in the factory of the Electric corporation, and no man in Fort Wayne is better qualified for conducting a business of this character than Mr. Larwill. The firm will undoubtedly prosper from the start.

General and Local News.

Pittsburg Engineer Thomas Dyer has reported for duty after being on the sick list.

Blacksmiths Henry Dryer and E. B. Moore, of the Pittsburg shops, are on the sick list.

George Cooper, Nickel Plate engineer, who was on the sick list a week, reported for duty yesterday.

Urban Bott, a machinist in the Wabash shops, has returned to his work after a month's illness.

J. R. Gardner, Pittsburg yard conductor, has taken a week off to attend to some private business.

After an illness of ten days, J. J. Collins has returned to his duties in the east car shops. He is a tinner.

Mr. and Mrs. F. C. Smith were guests of his father at Lima, Ohio, over Sunday. Mr. Smith is a car builder.

H. C. Longohr, the tinner who was married last week, this morning resumed his place in the Pittsburg shops.

Walter Stanley, Nickel Plate caller, was hunting at Claypool yesterday and today is feasting on quail on toast.

After a sickness dating from last June, Fireman Peter McGuire this morning reported for work on the Pittsburg road.

Pittsburg Fireman C. W. Arnold, who was injured at Valparaiso a few days ago, was able to resume work this morning.

Engineer Van Tilburg, of the Nickel Plate, who had a knee injured two weeks ago, has recovered and is at work again.

Alf. Raifsnyder has recovered from his recent illness. He is night yardmaster of the old yards of the Pennsylvania company.

C. D. W. Hilker, boiler lagger in the Pittsburg shops, has recovered from an illness which kept him from his work for two weeks.

After a week's illness, S. Gable has resumed his place upon an engine in the Pennsylvania's local freight service. He is a fireman.

It costs $5 to ride from Skaguay to White Pass City, Alaska, sixteen miles. Freight is carried over the same line at the rate of $3.50 per 100 pounds.

Charles F. Rothe, foreman of one of the departments in the electric works, has returned from a quail hunting expedition into the country.

W. V. Croy and family are in Auburn, Ind., where they attended the funeral of his father yesterday. Mr. Croy is an employe of the east car shops.

Indiana and Ohio coal roads are now handling the largest tonnage of coal of any year in the last six, so many manufacturers are changing from gas to coal.

Charles Smith and Ernest Mengey each sustained painful bruises to their feet yesterday by an iron rolling over against them. Both are off duty for a few days.

On the westbound Pittsburg passenger train this morning were Hon. E. V. Emrick, Frank Gebert and Fred Kreibaum, who went to Pierceton to hunt rabbits.

Fireman J. C. Polhamus, of the Pittsburg, who had been running the stationary engine during the sickness of M. C. Tierney, has resumed his duties on the road.

Passenger Fireman Fullerman had the misfortune to severely sprain his back while out on his run on the Nickel Plate yesterday. He managed to bring his train in, however.

B. F. Strock, foreman of the bridge and building department of the Wabash, was in the city this morning on business for the company. He resides in Andrews.

C. H. Hamilton, of 88 Wagner street, has been offered and has accepted a position with the Pennsylvania company. He will take up the duties of the position in a few days.

Samuel Rothrock has returned to the city to resume his duties in the electric works, after several weeks' absence on account of the sickness and death of his father, who resided in Pennsylvania.

Mr. Ward, assistant inspector of the police department of the Northwestern system of the Pennsylvania, was here yesterday in conference with Captain Stoll. He found everything in good shape.

The opinion prevails among railway officials that more improvements will be made to important railway systems and many of the smaller ones in the year 1899 than in either of the last ten years.

R. C. Houck, assistant cashier of the Wabash, is hunting rabbits in the vicinity of Maysville today. His friends will not suffer for meat for the next fortnight, if the expectations of this Nimrod are realized.

D. A. Marquat, a member of the erecting gang in the east car shops, received a painful cut over the eyes, Saturday afternoon, from a hammer which rebounded when he struck an iron. He will be off duty a few days.

Richmond Palladium: "W. H. Hunter, formerly the claim agent of Richmond division, now at Fort Wayne, was in the city yesterday calling on old friends. He is enjoying the best of prosperity and looks well."

While at work in the Pennsylvania shops yesterday E. R. Turner had the first toe of his right foot smashed under a piece of falling iron. Dr. G. C. Stemen dressed the wound. He thinks that the toe can be saved.

While going to his work in the east yards upon a hand-car yesterday morning, J. Hahn got his left hand caught in the gearing in such a manner as to crush the second finger. Dr. Lomas attended the unfortunate man.

The Vanderbilts will follow the example set by the Pennsylvania, and build all its ore cars 100,000 pounds capacity. An order for 1,000 of these cars was placed with the Schoen Pressed Steel company, of Pittsburg, last week.

In Cuba a locomotive engineer, who also must be a good mechanic, is paid $150 a month in gold, the fireman $80 and the conductor $100. The brakeman receives the same as the fireman; switchmen are paid $50 and section men $20 in gold.

The Philadelphia and Reading has ordered from the Baldwin Locomotive works ten heavy freight locomotives. Traffic over the line is so heavy that the company has borrowed twenty locomotives from the Beech Creek Railroad company.

The Ohio Central shops at Toledo are in operation fifteen hours daily. Every locomotive and car owned by the company is constantly in service when not in the shops for repairs, and the extra work is necessary to keep the rolling stock up to the demand.

On December 1st the firemen on the Big Four lines will begin service under a new schedule. After several conferences with J. Q. Van Winkle, general superintendent, what had been considered as grievances by the firemen were satisfactorily adjusted.

H. Woelnker, F. A. Tagtmeyer and Herman Kaada, machinists; William Zimmerman and A. F. Reluking, boilermakers, who were working in the Wabash shops at Ashley a few days, have resumed their respective places in the company's shops in this city.

H. B. Black, who a few days ago retired as agent of the Big Four lines at Pana, Ill., was the oldest agent in time of service on the road, being appointed agent at Pana by the Indianapolis and St. Louis railroad company in 1861. He began service on the road in 1858.

Thomas Quinn, who has been the night operator at Arcola for several weeks, has been given a more important position on the Pennsylvania lines. Tonight he becomes the company's operator at Nevada, Ohio. The young man is a son of Bailiff Ed. Quinn, of the superior court.

Frank P. Higgins was at the throttle of the engine hauling the Pennsylvania limited this morning, a position he has not occupied for six or seven weeks. Mr. Higgins has recently returned from California, where he spent a month in quest of pleasure, and was very successful.

William Hulse, the well known machinist, is slowly recovering from a severe attack of typhoid pneumonia. He has been dangerously sick, but the crisis has been safely passed and his complete recovery is now assured. Mr. Hulse is employed in the Pittsburg machine shop.

The Pennsylvania company proposes to purchase a large track of land at Logansport, Ind., for yard purposes. The land has been appraised and overtures for the purchase will soon be made. The road is greatly in need of increased facilities for handling passenger trains and will secure the required room at Logansport.

Frank Vachon, of the Pittsburg boiler shop, was awakened last night by the vigorous barking of his dog. Arising and stepping out of doors, he saw perched upon his barn one of the largest owls he ever saw. Getting his gun, he shot the bird, and was surprised to find that it measured seven feet and two inches from tip to tip of its wings. Mr. Vachon will send the owl to a taxidermist to have it dressed and mounted.

Millions Given Away.

It is certainly gratifying to the public to know of one concern in the land who are not afraid to be generous to the needy and suffering. The proprietors of Dr. King's New Discovery for Consumption, Coughs and Colds, have given away over ten million trial bottles of this great medicine; and have the satisfaction of knowing it has absolutely cured thousands of hopeless cases. Asthma, bronchitis, hoarseness and all diseases of the throat, chest and lungs are surely cured by it. Call on Dreier Bros., druggists, and get a trial bottle free. Regular size 50c and $1. Every bottle guaranteed, or price refunded.

A Clever Trick.

It certainly looks like it, but there is really no trick about it. Anybody can try it who has lame back, weak kidneys, malaria or nervous troubles. We mean he can cure himself right away by taking Electric Bitters. This medicine tones up the whole system, acts as a stimulant to liver and kidneys, is a blood purifier and nerve tonic. It cures constipation, headache, fainting spells, sleeplessness and melancholy. It is purely vegetable, a mild laxative, and restores the system to its natural vigor. Try Electric Bitters and be convinced that they are a miracle worker. Every bottle guaranteed. Only 50c a bottle at Dreier & Bro.'s drug store.

Bucklen's Arnica Salve.

The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, tetter, chapped hands, chilblains, corns, and all skin eruptions, and positively cures piles, or no pay required. It is guaranteed to give perfect satisfaction or money refunded. Price 25 cents per box. For sale by Dreier & Bro.

ITS WEIGHT IN GOLD

A New Discovery Which is Worth That Much

To Anyone Afflicted With Piles.

The Pyramid Pile Cure, the new, painless remedy which has been so remarkably successful in curing every form of piles and rectal diseases, has recently been placed on sale at druggists and it is safe to say that when its extraordinary merit becomes fully known, there will be no such thing as surgical operations for the cure of this obstinate and common trouble.

Mrs. M. C. Hinkly, of 601 Mississippi street, Indianapolis, Ind., says: "I had been a terrible sufferer from piles for fifteen years and no remedies benefited me, until I saw an advertisement of the Pyramid Pile Cure; I got a package, also a package of Pyramid Pills and used both according to directions. I was astonished at the immediate relief obtained and now I honestly believe the Pyramid to be the only certain cure for piles.

That you may realize how bad I was, I will say that I was confined to my bed and went before the college physicians here, who said my case was a new one to them and wanted seven or eight hundred dollars to undertake a cure; the great pain had brought on a rupture, and I knew an operation would be death to me on account of blood poisoning. Nearly every one here knows of my terrible suffering from piles, and I feel that I cannot praise the Pyramid Pile Cure enough, and the Pyramid Pills also. My husband will join me in highly recommending the Pyramid. My daughter was cured by one box only. For several years I weighed but about 80 pounds; now I weigh 150 and feel in perfect health.

This seems to be the universal testimony of every sufferer from piles who have ever tried the Pyramid; it is the safest, most painless pile cure yet discovered; contains no opiate, morphine, cocaine or any poisonous ingredient whatever, has a soothing, healing effect from the first application, and the moderate price places it within the reach of everyone needing treatment. The Pyramid Pile Cure is sold by druggists at 50 cents and $1 per package and the Pyramid Pills at 25 cents per box.

Send to Pyramid Co., Marshall, Mich., for free book on cause and cure of piles.

"Our Nation in War," complete in 16 parts, can be had at this office at 10c each. 1812

Grounds for Divorce.

She threw a flatiron at him and broke a window three feet to his right. "Spaniard!" he cried derisively. When she sued for divorce he tried to argue that the epithet was justified, but in view of the fact that she came within three feet of her target, the jury held it was not.—Chicago Post.

CHICAGO, Nov. 29.—For Indiana: Partly cloudy tonight and Wednesday; westerly winds.

NEWS NOTES.

W. E. Mossman is at Marion, Ind.

Born, to Mr. and Mrs. Fred Cornwall—a son.

Attorney F. H. Kisekamp has returned from Toledo.

Mr. and Mrs. Henry Taylor have returned from Peoria, Ill.

Mr. and Mrs. Herman Freiburger returned today from Chicago.

Wilmer Leonard was in Columbia City yesterday on legal business.

G. W. Stillson, of Buffalo, N. Y., formerly with the Seavey Hardware company, is in the city.

Miss Emma Rois has returned to her home in Kendallville after a pleasant visit with Fort Wayne friends.

Miss Grace Monahan has accepted a position in the Aurentz confectionery, in place of Miss Agnes Monning, resigned.

Mrs. Kittie Lucas, of Indianapolis, is the guest of her sister, Mrs. George Strodel. She will be remembered as Miss Kittie Gerard.

Miss Della Rossell has returned from Huntington, where for several days she has been the guest of her grandparents, Mr. and Mrs. L. D. Miles.

A. Pattersley & Sons, of this city, has received the contract to put a steam heating apparatus in the Wells county asylum, at a cost of $1,719 02.

Mrs. T. A. Patterson, wife of the Calhoun street restaurant proprietor, has returned from Montana, in which state she has resided with her sister the past two years.

John Hirons and family, of Lakeside, are entertaining A. R. Beardsley, of Elkhart, who is a prominent stockholder in the Dr. Miles Medical company. Mr. Beardsley is a brother of Mrs. Hirons.

Bishop Rademacher dedicated the new altar in St. Paul's Catholic church at Valparaiso last Sunday. He also preached the sermon at the confirmation exercises. Father Bathe, of this city, said mass.

The last generous act of the South Side Aid society was to make a happy Thanksgiving for sixteen families. Next Monday the society will meet at the home of Mrs. J. F. Wing to knot a comforter for the Orphans' home.

A letter from Lieut. Ivers Leonard announces that his regiment, the Twenty-second United States regulars, has been ordered to Cuba. Since the removal of his regiment from Atlanta, Ga., it has been at Fort Crook, near Omaha, Neb.

Harry J. Buell, an inventor who has brought out a number of bicycle attachments in this city, has struck a good thing at Marion, Ind., in a small but ingenious contrivance which adds to the utility of a wheel. Mr. Buell has disposed of a half interest in the invention for $1,600.

Miss Katherine Chapin has received an invitation to attend a social reunion of the present and former teachers and pupils of Bradford academy, Massachusetts. The event will be held at the Hotel Vendome, Boston, on Wednesday, December 7. Miss Chapin has not decided to accept, as yet, but may do so.

The Wayne Township Hunting association, organized for the purpose of opposing Sunday hunting and the trespassing on farmers' grounds, has already begun active work. Last Sunday four young men were caught southwest of the city and a committee handed them over to a constable, but through the intercession of the parents of the offenders no prosecutions followed. This kind of work, vigorously pushed for awhile, would probably lessen the violations and at the same do a kindness to the legitimate sportsmen.

TWO PRETTY SCHOOLGIRLS.

Being Slowly Poisoned to Death by Coffee —A Mother's Story.

"Our daughter, Maud, gradually began to show more and more nervous trouble during her school days last spring, and it came to such a pass that she was not making the progress desired, and was so terribly nervous, that except by the utmost effort she could not sit still, or get her mind upon her work. One evening I asked her what in the world ailed her, and told her to put her lesson aside until morning,

MRS. NELLIE A. VOSBURG, Indianola, Iowa.

so that she could rest. She said, 'No, mother, I must get this lesson tonight and be up early to get another in the morning. I don't know why it is, but I have been falling behind my class for over six months, and I must work in order to graduate this spring. I believe I will go and make me a cup of strong coffee, that will brace me up.' So a good cup of coffee was made and Maud got through with her lessons at 11 o'clock.

"The next morning I heard a rattling at the stove about half-past four, and went down to find Maud there building a fire. She said she could not sleep and that she had to study, so she thought she would make some coffee as it helped her the night before. I went back to bed with a heavy heart, for there was a thought of danger creeping in. Step by step my mind went back over the last year, and the acts of our dear daughter during that time, passed before me like a panorama. She used to be so well and happy, but now she acted as if she was almost crazy with nervousness and a wreck of her former beautiful self. It dawned upon the mother's mind that Maud was fading away, and looking to God, I breathed a silent prayer to the dear Father to save my child.

"The next morning I started out to consult the family physician, but just at the door I met a neighbor's daughter on her way to school. A year ago this young lady had been confined to her bed for months with nervous prostration, and it was whispered about that if she lived she would be likely to lose her mind. Her parents sent her away to a village near by, and this was the first time I had seen her since her return. I saw that she was the picture of health, and I said, 'Why, Fannie Trayer, what have you been doing with yourself? I never saw such a change in my life.' She answered, 'Why, you know I finally found out that the coffee I was drinking was ruining me, and when I got out to auntie's she took the coffee away entirely and gave me Postum Cereal Food Coffee. That is the only thing I have had, and you can see what the result is. I am just as well as I can possibly be, and getting along beautifully with my school work.

"I was so deeply impressed with Fannie's experience, and her former condition tallied so closely with Maud's, that I abandoned my proposed trip to the physician's, and went instead to the grocer's and secured a package of Postum. That night Maud had Postum Food Coffee, instead of coffee and the next morning the dear child said she had slept and was very much refreshed. The effect was so instantaneous that I was very much surprised, and feared perhaps there might be some medicines in Postum, but I have since been assured that it contains no medicines whatever, but that on the contrary, it is made of pure cereals, so handled by skilled experts, in its manufacture, that the delicate small particles of phosphate of potash are retained in a natural state as found in certain parts of the cereals, and that this, together with the albumen in food goes quickly to work to rebuild the nervous system. Our daughter has been saved to us. She graduated with honor, and instead of the nervous wreck she was at one time, she is now the picture of bounding health.

Architect Alfred Grindle is in Chicago.

Mr. and Mrs. W. D. Page are in Chicago.

Miss Winnie Dougall has returned from Joliet, Ill.

Miss Mary Goodfellow, of Columbia City, is visiting relatives.

C. A. Sweet, of Valparaiso, was in Fort Wayne yesterday on business.

Mrs. George Loesch will entertain the C. C. S. Pedro club Thursday afternoon.

Tom Buchanan, superintendent of Huntington's municipal lighting plant, was in Fort Wayne yesterday.

Will Wiggins has returned from Richmond, where he visited with his mother, Mrs. Henrietta Wiggins.

Miss Maggie Dolan returned last evening from Huntington, where she has been visiting friends for several days.

Miss Clara Gilbert and Miss Grace Fredmore have returned to Greenville, Pa., after visiting relatives in the city.

Miss Insley and Miss Maud Gussman, of Huntington, visited yesterday with Miss Madeline Morgan, in this city.

Miss Nellie G. Griffin, of Newark, N. J., who has been visiting friends here for some time, returned home yesterday.

Baby Theodora, the daughter of Mr. and Mrs. Herman Leitz, of 123 Home avenue, is critically ill with diphtheria.

The meeting of the Fort Wayne Athletic club was not held last evening as announced, owing to the small attendance.

Mrs. C. E. Brownsberger and daughter, Vera, of No. 54 West Creighton avenue, are visiting friends in Chicago.

S. Milton McFerran, the engraver, who was confined to his South Fairfield avenue home by illness, is able to be around again.

The First Regiment band will give weekly dances hereafter each Wednesday evening at the hall over the White National bank.

Ernest Monroe, a patient at St. Joe hospital, is improving in health and hopes to return to his home in Columbia City, before Christmas.

Among the guests at the Wayne: A. C. Koehne, W. J. Wood, Indianapolis; E. W. Chambers, E. Davis, Toledo; M. M. Spalding, Cadillac, Mich.

Fred Kriwitz, of Kendallville, who was a student at the Fort Wayne business college, has gone to his home to accept a position with Flint & Walling.

The Monday Pedro club was entertained by Mrs. Dr. Wagner yesterday afternoon and the prizes were secured by Mesdames Head, Plummer and Korn.

Amos J. Mitchell, representing the National Supply company, is making a periodical visit to his Fort Wayne trade. Mr. Mitchell's headquarters are at Findlay.

Among the guests at the New Aveline: John C. Brunner, Lafayette; William Clements, Bay City, Mich.; J. B. Baer, Bluffton, Ohio; J. W. Cleary, Indianapolis; J. W. Stephlet, Detroit.

A. C. Katt yesterday received by express a bicycle which he had given up for lost. The wheel was rented last summer and later the young man disappeared. A troubled conscience probably led him to return the wheel.

The Fort Wayne Gas company is building a dam across the river at Bluffton. They are after more water as the well at the pumping station is not supplying it in sufficient quantities. The station uses about half as much water as the city of Bluffton.

A letter from ex-City Treasurer C. J. Sosenheimer, who is located at Dennison, Ohio, states that Mrs. Sosenheimer has suffered a relapse and is in a critical condition. The lady was very ill in this city but recovered sufficiently two weeks ago to undertake the trip to her new home.

The Pacific club entertained a party of lady friends at the club rooms, 236 East Creighton avenue, last Sunday afternoon. The Pacific club is one of the popular society organizations of the south-side. The officers are: A. E. Mick, president; William F. Kirbach, treasurer; M. B. Johnson, secretary.

REFINED OILS.

Purity and Quality of Greatest Importance.

Valuable Information for the Benefit of Dealers and Consumers of Kerosene Oil.

There is all the time more or less agitation for measures that will insure pure foods, but it is doubtful if the millions of consumers of refined petroleum or kerosene oil have ever given well defined attention to the subject of pure illuminating oil. The subjoined article that recently appeared in the "Ohio Merchant," published in Cleveland, is of such obvious interest to every dealer in and consumer of kerosene oil that THE SENTINEL is impelled to invite the attention of its readers to the practical and sensible observations therein set forth. The article follows: "The current agitation relative to pure food, drugs, etc., recently led me to investigate as to what efforts, if any, had been made by petroleum refiners to secure for their patrons pure illuminating oils.

The fact is well known that the crude oils found in Ohio and Indiana contain sulphur to such an extent that they have a very offensive odor and are unfit for use except as fuel, unless the sulphur is almost entirely eliminated. In order to ascertain just what had been done in this direction some pertinent inquiries were made and the conclusion has been reached that whilst in this branch of manufacturing, as in others, everybody claims to be marketing pure oils, only a very few doing so, the majority are not. The cost of successful removal of sulphur is great inasmuch as special and additional appliances are needed and expensive reagents are necessary. These conditions, compelling employment of large capital and entailing largely increased cost of manufacture, are a very strong temptation, leading to claims for purity and excellence of quality regardless of truth. It is a safe course to pursue for a buyer or consumer of illuminating oils to closely examine into statements made as to purity and quality. This is particularly a wise precaution when the manufacturer of or dealer in any oils offered claims to sell what he styles "a fancy brand," and it is especially suggested that a claim for pure oils accompanied by an offer of a "cut price" "convicts itself on its face." An illuminating oil of the purity and excellence claimed is only secured at a largely increased expense.

If, therefore, the seller offers to dispose of such an oil at a price less than cost it is plain that he is either a philanthropist pure and simple, in business for the good of his fellow men, or else he is guilty of deceit and falsehood.

It is the wiser course to purchase oils made by manufacturers who possess everything needed in the way of processes and apparatus to purify their oils, and who have a reputation for fair dealing that renders their guarantee good as government bond. It seems to be true that a very large majority of the manufacturers do not know how much sulphur there is in the oils they are marketing and really do not care to know, whilst they are entirely willing at all times to offer guarantees that their oils are equal in every respect to the best in the market.

I find that this generous offer of guarantees accompanies every attempt to sell inferior oils, hence retail dealers should be on their guard against purchasing unless they know "the man behind the oil."

It is sometimes wise to have a guarantee of a proposed guarantor.
